THE KENTUCKY BUILDING

And

THE STUDENT LOAN FUND

Visualization of the splendid achievement of Kentucky, embodied in the erection of the proposed Kentucky Building upon the campus of the Western Kentucky Teachers College at Bowling Green, is expressed in the accompanying communication from Irvin S. Cobb, eminent novelist, to President H. H. Cherry, head of the state institution sponsoring the campaign in the interest of the project.

Writing from his Long Island estate, "Back Home," Mr. Cobb's letter of recent date is as follows:

My dear Dr. Cherry:

Through John Wilson Townsend, our mutual friend, I learn that you would like to have a line from me touching on your campaign for a Kentucky Building and a student-loan fund in connection with the Western Kentucky Teachers College at Bowling Green.

I count it an honor that you should express such a desire. The plans you have on foot are so sane, so patriotic, so aptly designed to fill real needs in our state, that I feel your splendid work should have the endorsement of every thinking man, woman and child in Kentucky.

In what you and the public-spirited citizens associated with you are doing for our own people, I wish you all possible success.

With sincere regards, 

Yours cordially,

(Signed) Irvin S. Cobb

Dr. Henry Hardin Cherry,
Bowling Green.

Emanating from Kentucky's great literary genius who has ever kept within his heart and who has so many times woven into delightful word pictures structures founded upon these reminiscences, the foregoing expression is but indicative of the trend of countless similar commentaries which have been had from numerous Kentuckians whose careers have taken them from their native soil but in whose hearts yet beats the finest pulse throb for the betterment and the perpetuation of the posterity of the home site.

The plan for the erection of the Kentucky Building telling the story of Kentucky, its history, its valleys and mountains, its animals, trees, and flowers, its music and literature, its men and its women, an epochal and a romantic visualization, took definite form a year ago when a campaign to procure the sum of three hundred thousand dollars was launched by the College Heights Foundation, the student loan fund of the institution, two-thirds of this amount to be expended in the erection of the building and the remaining third to be used in extending the service of the loan fund, that great helping hand by means of which thousands of deserving students are finding it possible to continue their struggle to properly equip themselves to take their rightful place in the present day scheme of specialized existence.

More than two-thirds of this amount, a sum in excess of two hundred thousand dollars, has already been raised by voluntary subscription and there is therefore every indication that an early attainment of the project is in plain view. In fact, tentative arrangements have been made to begin construction of the building in the early spring of next year while at the same time the vital important function of the student loan fund has been correspondingly extended until at the present writing more than twenty-seven hundred loans, representing an aggregate of close onto one hundred thousand dollars, have been made to worthy applicants since the inception of the fund on October 23, 1923.

The campaign to raise $300,000 to establish and perpetuate the Student Loan Fund and to construct the Kentucky Building is progressing in a most satisfactory way. Every former student and every citizen who has not made a subscription is earnestly urged to make one and to be a part of this patriotic program. A subscription blank is published on page 7 of this issue of Teachers College Heights.
INSTRUCTIONS TO STUDENTS:
The instructions given below are designed to acquaint you with certain important regulations and requirements connected with the rendered curricula of this institution. A knowledge of the information outlined is absolutely necessary for an intelligent and satisfactory registration. You will save much time and probable worry by reading very carefully each word of the instructors which have been prepared for your guidance.

1. Curricula.
   At the time of registration, a sheet containing all curricula offered by the institution will be handed to students. You should have consulted in mind your majors and requirements and quickly assessed the various curricula leading to the different certificates and degrees before planning your course of study. After you have selected your course of study, be sure to take the subjects in the order outlined. You should advise with the head of the department for which you have preference.

2. Student Load.
The normal load is sixteen semester hours, and should not be exceeded by the average student. Freshmen entering for the first time will not be permitted to enroll for more than sixteen semester hours. Students whose previous records in the institution show an average of "B" will be permitted to carry a maximum of eighteen semester hours. The permission of the Committee on Entrance, Credits, and Graduation is required for all credit in excess of eighteen hours. The minimum that may be carried to satisfy residence requirements is two hours.

3. Directed Teaching.
Courses in Directed Teaching are not open to Freshmen. Education 100a, Education 101, and Education 102 are prerequisites to Directed Teaching. Students electing this course must arrange with the teachers of the Training School for their hours before making up the remainder of their programs. The first course in Directed Teaching, Education 102; second course, Education 203; and the third course, Education 304. Students registering for this course and all students must attend conferences with their critic teachers every Tuesday afternoon from 4:15 to 5:15.

4. Freshman Courses.
   Beginning freshmen who expect to meet requirements for the baccalaureate certificate should take Education 100a, English 101a, and complete their programs from the following courses: Agriculture 101, Art 101 or 102, Biology 101, Chemistry 101, 102, or 105, Education 101, French 101, History 100, 101, 102, 104, Latin 101, 107, 109 or 111, Manual Arts 102, Mathematics 100, 101 or 102, Music 100a, 101a, Musicology 101, Penmanship 101, Physics 102, Physical Education 101, 105, 106 or 110

5. Junior and Senior College Courses.
Courses numbered from 100 to 199 are open only to Freshmen and Sophomores; courses numbered from 200 to 299 are open to Juniors and Seniors, but may be taken by Sophomores if consent is granted by the instructor; courses numbered 300 to 399 are open to Juniors and Seniors only. You will avoid much difficulty and possible loss of credit by not putting off Freshmen and Sophomore requirements until your Junior and Senior years.

Calendar for Registration, Etc.
Jan. 27—Monday, Registration for first semester.
Feb. 3—Monday, last date on which students may change schedule without special permission of registrar.
Feb. 10—Monday, last date on which a subject may be dropped without a grade, by written permission of registrar.

The program which follows is essentially complete in every detail, but it is possible that a few adjustments will be necessary before the opening of the second semester, January 27. A printed schedule listing accurately all courses offered, with time and place indicated, will be handed to the student on day of registration. To avoid possible difficulties, each student should hold on to the corrected schedule instead of this announcement as a basis for registration.

For full credit, the course must be approved by the miss of the Department of Education and the head of the department for which you have preference.
Art Museum

Teachers College will ever remain grateful to Mr. C. Perry Shaw, of St. Petersburg, Florida, who donated our valuable Art collection, including paintings, statuary of the finest marble, carved Italian and Spanish beauty, miniature ivory miniatures, a very handsome piece of tapestry and other articles. The pieces of statuary which are to be used in the decoration of the Garden are being placed in the garden where they will be placed under the direction of Mr. Henry Wright, the landscape architect of the school. Four of the pieces of statuary are unusually large and will be located at the four major points of the compass. Other statues of stone and marble will be appropriately placed among shrubs, trees and plants, which will be placed in a way that will guarantee the garden be one of the most beautiful and attractive spots to be found anywhere in this country.

The Third District Meeting

The meeting of the Third Congressional District Education Association at Bowling Green on October 18 and 19 was unusually well attended and a great program was given. This district is composed of ten counties and practically every county enrolled 90% membership. The officers elected for next year are as follows: Mr. G. R. McCoy, Superintendent of Warren County Schools, president; Mr. C. Currin, Principal of Bowling Green Senior and Junior High Schools, vice-president; Mr. B. G. Stone, principal of High School, Scottsville, secretary-treasurer.

Lyceum Course

Many attractive numbers, including those given by some of the greatest musicians in America, lectures by distinguished men of this and other countries, compose the Lyceum course for the present year. Students have the privilege of attending all of these programs without cost. The following are some of the numbers. The number, on November 5, will present Mr. Eustace Gray-Llewellyn, considered by many critics as the greatest of the women violinists of our time. Her assisting artist will be Laddie Gray, her own nineteen-year-old son, who is an astonishing prodigy as a pianist.

November 28 (Thanksgiving Day) will bring one of the most significant programs ever heard in an after-school class, when the famous Smallman A Capella Choir of Los Angeles, California, will be presented. This great choir is composed of thirty-two masters of choral accomplishment singing. The voices obtain the variety of the tonal effects of the symphony orchestra. This group of 125 singers was founded by John Smallman of Boston in 1923 and practiced six times a week for two years before appearing in public.

On December 3, Chandru Dharmar Geonaracter, noted Hindi scholar, will present his famous lecture on "India," his native country.

On the following evening, December 4, Mme. Baton Dervi, English sopranos, will be heard in a lecture recital of folk songs presented in costume, featuring the old Kashmiri songs of India, for which the artist furnishes her own accompaniments on native Indian instruments.

An announcement which is sure to create a furor among concert goers is that on February 10, the Festival Opera Company will present Rossini's "Barber of Seville," sung in English. The cast includes such celebrities as Henri Scott, leading baritone of the Metropolitan and Chicago Civic Companies; Melvina Passmore, prima donna soprano of the Chicago Civic Opera; Rhyse Morgan, tenor of the Chicago Civic Opera, and a full cast of famous artists.

The series will close in April with the presentation of Floria Randolph, premier ballerina of the Chicago Civic Opera. In joint recital with the Berger, Stendhal, Astor Trio, master instrumentalists, who are internationally famous.

College Heights Herald

The last issue of College Heights Herald which was distributed on October 21 is an unusually attractive number. Former students will, no doubt, be interested in receiving copies. It is full of news concerning the Hill and former students. Why not send in your subscription immediately?
The B. S. and A. B. class, the first graduating class of Teachers College, numbered seventy-five fine young men and women. Practically every member of the class is today occupying a position of responsibility and influence. It is always a genuine pleasure to hear from the former student, and President Cherry hopes that from time to time there will be opportunity to give through the columns of College Heights information concerning the activities of subsequent graduating classes. He will also be glad to have any news of the few members of this class with whom we have lost touch.

Walters, one of the leaders of the class who completed the work in February of 1924, entered Peabody College with the expectation of completing the course required for the Master's degree there. His health failed him, however, and specialists in the medical profession advised a complete rest. Hopes of his physicians and family were doomed to disappointment and Mr. Walters' great spirit passed into the beyond on July 29th, 1924.

SPRING TERM

The Spring Term of the Second Semester will begin March 31, 1930. This term is an integral part of the regular school year. Splendid opportunities will be provided for students to earn credits in the various major departments of the institution. During the nine weeks of intensive study, eight or nine hours of college work may be completed. A few new classes will be added, but most of the instruction will be in the hands of regular members of the faculty.

Detailed information relative to the midterm opening will appear in a later issue of College Heights.

BY ROY H. SEWARD, EXECUTIVE SECRETARY
COLLEGE HEIGHTS FOUNDATION

The Student Loan Fund feature of the College Heights Foundation has been in operation for the past six years, and during this time it has proven the popularity and service appeal of this great helping hand. It has made over twenty-eight hundred different loans to students, amounting to over one hundred thousand dollars. There is hardly a village or hamlet in Kentucky in which are not to be found living witnesses to the helpfulness of this great benevolent organization.

Every county in Kentucky, with two or three exceptions, has received more money in the way of loans advanced to students from the Foundation than has been subscribed to the Foundation by students and others from the various counties of the State. This condition should not exist and is earnestly hoped that it may be reversed. If all of the counties in Kentucky would contribute as much money to the Fund as has been loaned to students in those counties, the campaign would go over in a most splendid way. We are hoping that students and friends of the institution will take a patriotic pride and interest in helping to bring the quota of their counties up to the standard of service expressed in the ideals of the Foundation and as represented by the number and amount of loans made to students by this organization.

Notwithstanding the fact that the College Heights Foundation has already raised over $300,000.00 with which to complete the Student Loan Fund and construct the Kentucky Building, the fact remains that the surface has scarcely been touched. Many persons who have not yet made subscriptions should do so. These individuals should awake to their responsibility and send in their pledges immediately. These are many people whom our representatives will call upon in the future for subscriptions. However, there are large numbers of former students and others who will not be reached by these representatives, and it is earnestly hoped that they will be kind enough to mail in their pledges to President H. H. Cherry or to Roy H. Seward, Executive Secretary, College Heights Foundation, Bowling Green, Kentucky.

The Foundation is projected along the lines of universal service and every individual should give it earnest moral and material support. Gifts have their degrees of comparison. Some gifts are better than others. A gift to a worthy cause like that of the Foundation is much better than a gift to a temporary enterprise. No gift, however, is vitalized with spiritual power unless and until the giver is first able to visualize the usefulness and continuity of the gift and trace it to its ultimate ramifications in the lives of needy and deserving students. Unless the giver becomes at one with the gift, or enters into it whole-heartedly, the gift is valueless. Ceasing to give we cease to have; this is the law of cause and effect. Giving to a worthy cause should not impoverish us any more than withholding should enrich us. Let us therefore give liberally and we shall become the recipient of an inherent feeling that we have done our part, and that there is, after all, something in life other than self and self-interest.

The following facts and figures will help to disclose something of the magnitude of this great enterprise: Up until July 31, 1929, the Foundation had made 2,713 loans, amounting to $102,845.50. A tabulation of the number of loans over the six-year period from October 26, 1923 to July 31, 1929, follows:

Six hundred and thirty-two loans were made to students during the school period from September 17, 1928 to July 31, 1929. A classification of these loans according to gender shows that 311 loans were made to females and 312 to males. The Sophomores, 111; the Juniors, 50; the Seniors, 170; and the High School Group, 102.

Students who are desirous of borrowing money from the College Heights Foundation should write to Roy H. Seward, Executive Secretary, College Heights Foundation, for application blanks which will be gladly furnished upon request. No loans will be made until the Executive Committee has had ample time in which to investigate the student's fitness for a loan.

When the campaign is over and the Kentucky Building has become a veritable reality, we do not believe that any of us could afford to have our names missing among the number of contributors. We are putting forth every effort within our power at this time to raise the last $100,000.00. There are yet many students who have not subscribed who should do so. For their convenience the blanket below has been inserted. Won't those of you who have not yet made a subscription to the Fund do so and send it in without delay? We assure you it will be greatly appreciated and that you will be helping a most worthy cause. Let's go, the campaign must go over!

The $300,000 Campaign for the College Heights Foundation and the Kentucky Building

of the Western Kentucky State Teachers' College, Bowling Green, Ky.

For the purpose of providing money for the Student Loan Fund of the College Heights Foundation and for the construction of the Kentucky Building, and in the consideration of the donations of others, I hereby subscribe and promise to pay to the order of the COLLEGE HEIGHTS FOUNDATION without interest the sum of:

General News

A combination talking machine and radio to be used in demonstrations in the Training School has recently been presented.

The new practice field 300 feet square on the Western side of the college campus view of the fact that more and more each year the normal group is becoming less in evidence, showing that high school graduation in the state is now almost ten times as many students who have achieved high school graduation as there are in the normal department.

On the evening of October 28th members of the faculty enjoyed a social evening in honor of the new members. A number of homes of the members were visited and pottery games played. Later in the evening the entire crowd assembled at the Cedar House for delicious refreshments.

Requirements fixed by the Southern Association of Colleges and Universities for TRAINED LIBRARIANS in all high schools in the southern states at an early date. People who are interested in this type of work should begin at once to prepare for positions that will be open in the near future. In addition to the practical experience offered in our magnificent Library, an extensive course of instruction by experts has been provided. A demonstration school library is under the supervision of a skilled Librarian.

Many requests for recommendations of teachers and heads of DEPARTMENTS OF KINDERGARTEN are coming to Western Teachers College. A program of special training is maintained for people interested in this kind of work.

An attractive opportunity for those of talent and ambition in the Department of Music lies in the field of supervision. We have been unable in the past to supply the demand for SUPERVISORS OF PUBLIC SCHOOL MUSIC. Those who prepare will be needed.

Teachers in MANUAL ARTS are finding remuneration high. There is less of the same type of work should begin at once to prepare for positions that will be open in the near future. In addition to the practical experience offered in our magnificent Library, an extensive course of instruction by experts has been provided. A demonstration school library is under the supervision of a skilled Librarian.

The many friends of Mr. E. A. Diddle, Director of our Athletic Department, have been congratulating him and Mrs. Diddle on the arrival of a young son. He has been named Edward A. Junior.

For the first time in a number of years President H. H. Cherry, had an opportunity to enjoy a real vacation. For six weeks during August and a part of September, he and his family motored through a number of the Western states, apart from Oregon, passing in a short visit to his brother, and then down through California and Oklahoma where a short stop was made with his older daughter, Mrs. Josephine Cherry Lowman. Mrs. Cherry, as well as Miss Cherry and Henry Hardin, accompanied him and returned home refreshed and expressed satisfaction of the trip.

Two of the most enjoyable programs ever rendered on College Heights were given on the afternoon and evening of August 12th, when the U. S. Army Band, an outstanding band of the A. E. F. Band which was started by General Pershing during the great war. The concert band which is composed of fifty-six members. Among the compositions rendered was "Normal March" composed and orchestrated by Mr. Franz Strahm. Dr. Harrington, Director of Music, Mr. Strahm arranged the composition for the various instruments of the band at the request of the leader, Capt. O. M. Williams. The entertainment given by the band consisted of the numbers of the regular lyceum course, to which all students are required to attend.

Published statistics indicate that the average college girl in the east spends from $1,500 to $2,000 during the nine months of the year. This estimate is based on a budget made by more than two hundred students. A few students spend more than this while those who have been awarded scholarships spend a smaller amount. When one keeps in mind the fact that credits earned in Western are recognized by colleges and universities throughout the country the expenditure necessary to complete a four-year course here seems small, indeed, compared with the value received.

Reservations are rapidly being made in the West Hall and the J. Whit Potter Hall for rooms for the second semester beginning January 27th. It will be necessary to reserve your room at the earliest possible date. You will be put on the waiting list to hold your reservation if you can not secure a room. When making your room reservation, you will be asked to reserve the room for the entire semester or for any portion of the semester you will need. You will be given written confirmation of your reservation by your room key.

Be sure to write early for reservations in the J. Whit Potter Hall or West Hall at an early date. The reservation fee of $5.00 is made at the time the student enters school.

Tuition

County Superintendents have the power to issue appointments to free instruction for the time necessary to complete the courses in which the students matriculate. Students from other states are charged a tuition fee at the rate of $18.00 for one semester of eighteen weeks. All students pay a registration fee of $8.00 for a semester. This entitles the student to the use of the Library, to attendance at the regular lyceum course, athletic events and to the advice of a graduate nurse, who makes a special effort to keep all students in good health.

Sympathy

On Friday, October 18, Mr. J. L. Page, the father of our Mr. George Page, head of the Physical Department, succumbed to a severe case of pneumonia. Students and faculty enter sympathetically into this bereavement.

In the death of Mrs. D. H. Lott the institution lost a sincere friend. Her funeral, which occurred at McHenry on October 8, was attended by Drs. F. C. Grieve, A. M. Stitdics, Gordon Wilson and Mr. H. B. Smith, who conveyed the sympathy of the entire faculty and student body. In the bereavement which came to Mr. Horace McMurtry and to Mr. Gordon Wilkins in the loss of their mothers a few weeks ago present and former students and friends enter sympathetically.

A great program is being arranged for the Summer School which opens on June 2, 1930. Western Teachers College will be at the Brown Hotel during the next session of the Kentucky Education Association, instead of at the Hotel Bach.

A fifty cent breakfast will be served all summer and for the duration of the Crystal Ball Room of the Brown Hotel, at 7:00 a.m. From April 18th during the session of the K. E. A.

Eight Members of Faculty Are on Leave List

Master's and Doctor's Degrees Sought by Teachers

That Western is a progressive institution is shown by the number of teachers away on leave of absence doing post-graduate work to prepare for themselves their work of training the future teachers of Kentucky. The department of Education, Mr. D. L. Billings, well known to students of psychology, has returned to the University of Michigan to complete work on his Ph. D. degree.

Cornell University has claimed Mr. W. J. Edens of our Agriculture department for work towards his M. S. degree.

Miss Mary E. Marks, from the Geography department, has enrolled at the University of Chicago to complete her M. A. degree requirements. She is writing her thesis on "Kentucky Rock Ash Furnaceous". To obtain her M. A. degree, Miss Frances Richards has gone to the University of Indiana, where she is working as assistant to the head of the History department.

The Chemistry department has lost Mr. T. J. Stidens, who is at the University of Wisconsin working towards his Ph. D. degree.

Mr. H. L. Stevens is on leave of absence to work towards his Ph. D. degree at the University of Wisconsin. He was connected with the Biology department of Western.

From the Mathematics department, Mr. H. M. Yarbrough has gone to the University of Indiana, where he is finishing work towards his Ph. D. degree.

Homecoming 1929

Notwithstanding common run for days before the Homecoming game between Western and Centre on November 2nd, there was no occasion for concern before the game. The attendance at the school over $1,960.00 and a magnificent crowd cheered the kickoff. Approximately five thousand spectators were present. The two teams were well matched and no casualties on either side marred the game. Centre won by a score of 6 to 7.

On the last of November 1st the History club had its annual banquet in the Cedar House. Plates were laid for sixty-five. The address to those present at that time was made by Dr. Mims of Vanderbilt. He selected for the topic of his discussion: "The Development of the South." On Saturday evening the annual dinner of the "W" club, with more than forty members present, took place in the tea room of the J. Whit Potter Hall. It was served by Miss Reynolds, the Dietitian. Also on this evening the members of the Rocky Mountain Field Trip met and organized for an annual pet-together meeting during Homecoming. For this the first occasion there were twenty members present.

Later in the evening the usual reception was held in the Crystal Ball Room. Homecoming students and visiting friends and the Centre team. The reception was held in the Cedar House. Refreshments with an appropriate souvenir were served.
