FOUNDATION HAS ANNUAL MEETING

SUMMER SCHOOL 1925 SETS RECORD
U. OF K. GRANTED PHI BETA KAPPA

"Many Things Discussed by Directors At Meeting"

The Directors of the College Heights Foundation met on October 8th at the Hotel Salem in Bowling Green, Ky., for the annual business meeting. The meeting was held in the morning and was attended by members of the Foundation.

The Foundation has been active in promoting the interests of the College Heights Teachers College. Members of the Foundation have been instrumental in raising funds for the college through various fundraising events and activities. The Foundation's annual meeting is an opportunity for the directors to discuss the college's financial status and to plan for future fundraising efforts.

The meeting agenda included discussions on the college's budget, the need for additional funding, and the college's future plans. The directors also discussed ways to increase the college's visibility in the community and to raise awareness of the college's mission.

SUMMER SCHOOL 1925 SETS RECORD

The summer school at College Heights Teachers College has set a new record for enrollment this year. A total of 100 students have registered for the summer school, which is a significant increase from previous years.

The summer school program is designed to provide professional development opportunities for teachers and educators. The classes offered this year cover a wide range of topics, including mathematics, English, social studies, and science.

The increase in enrollment is attributed to the college's efforts to promote the summer school program through various channels, including social media and local newspapers. The college's marketing strategy has been effective in attracting a diverse group of students from across the state.

U. OF K. GRANTED PHI BETA KAPPA

The University of Kentucky has granted Phi Beta Kappa to College Heights Teachers College. The honor recognizes the college's commitment to academic excellence and its contribution to the education of young people.

Phi Beta Kappa is a prestigious honor society that recognizes academic excellence in the liberal arts and sciences. The society has a long history of recognizing outstanding scholars and educators. The college is the first in Kentucky to receive the honor.

The college's president, Dr. William B. Allen, expressed his pride in the college's achievement. "This honor is a testament to the dedication and hard work of our students," he said. "It is a fitting recognition of the college's commitment to excellence in education."

Passing Institutions Of The Teachers College

CONGRESS

Nothing will make so much difference as to go to each one of your homes and tell you of the great work the college is doing and the reasons why each one of you should pay your required amount. Each one of the officers is doing everything possible to make the college progress, but it is impossible for them to do it unless you will support them. The college is in need of 8 new professors. This is a great position for a professor. If you want to see your college succeed, you will sign and return your required amount. If you cannot sign, give the required amount at the end of the year. If you are not able to sign at all, at least give the required amount at the end of the year. This will show your support of the college. If you cannot sign, give the required amount at the end of the year. If you are not able to sign at all, at least give the required amount at the end of the year. This will show your support of the college.

DO YOU WANT A GOOD TEACHING POSITION FOR THE YEAR 1925-1926?

You may not send the assistance of any regular teachers' agency but if you do, you will hear from a few of our teachers. We have the best teachers in the country. We have the best teachers in the country. We have the best teachers in the country.
