YOUR DECIDING DAY.

You're deciding day? What a sound of good and bad, confusion comes full measure, as the facts and issues are weighed in the balance. 

Imagine a man at this very moment, standing before a mirror, looking into the eyes of the person he will become tomorrow. What thoughts are passing through his mind? What decisions are he making before he makes the leap into the unknown?

As he looks at himself, he sees a reflection of his past—a lifetime of choices, experiences, and memories. He sees the good and bad, the successes and failures. He sees the person he is today, and the person he could be tomorrow.

But what will he decide? Will he forge ahead into the unknown, or will he hesitate, unsure of the path ahead? Will he follow his dreams, or will he stick to the safety of what is familiar and comfortable?

Your Deciding Day is a moment of truth, a moment of decision. It is the moment when you must choose what kind of person you want to be, what kind of life you want to live. It is the moment when you must decide what you want to become, and what you will stand for.

So, what will you decide? Will you follow your heart, or will you follow your fears? Will you pursue your dreams, or will you stay in your comfort zone? Your Deciding Day is a moment of decision, and it is a moment of power. The choices you make today will shape your tomorrow, and they will determine the kind of person you will become.

Your Deciding Day is a moment of power. It is a moment when you have the power to change your life. It is a moment when you can make a difference. It is a moment when you can shape your destiny.

Cleveland, O., July 1, 1922.

Dear Mr. Harman:

It has been a great pleasure to me to observe upon my return to Bowling Green for Summer School that your institution is maintaining its usual high standard in the Pennsylvania Department.

The interest and enthusiasm on the part of pupils and faculty are realizations of the value of your opportunity for acquiring a good handwriting.

The results secured in business writing, ornamental writing and let-
ting are simply astonishing. Doubtless there is another school in the same country where pupils have such an opportunity; where there is no man qualified to do the kind of work that has been done by the first and most successful students as secured in your school.

I congratulate you on being at the head of your Pennsylvania depart-
tment, Mr. W. L. Hall, who has demon-

Best Scholarship

Many persons ask what we consider our best scholarship. This is difficult to answer, as each is designed for a certain purpose. Unless a student knows exactly what he wants it will pay him to take the Life Endow-
ment Course for the following reasons:

1. It is unlimited in time.
2. It contains all the Shortland and all the Bookkeeping we give, except Higher Accounting.
3. It contains more subjects than other courses, but some of them do not have to be passed.
4. The one completing it may also be an auditor and bookkeeper, and therefore would command a higher salary.
5. Leads to the degree of Bachelor of Commercial Science.
6. No student has ever completed the course and failed to secure employment.
7. Students who purchase this scholarship are entitled to free tuition in as many sessions of our Hum-

subject.

SUBJECTS:

Bookkeeping
Commercial Geography
Economics
Corporation Law
Corporation Management

Explanation

The Life Endowment Course has no time limit. The student may follow this course as long as desired after entrance. He may also return at any time and continue in school if he desires. There is no additional charge for tuition. This course simply gives to the student a life membership in the Bowling Green Business University. This is one of the several reasons why eighty per cent of our students are taking the Life Endowment Course.

MONEY: YOUR MONEY.

"To be or not to be" involves the high and low of human existence. Poverty, culture, religion and all the virtues are implied in this opening statement to a talk on money by Mr. J. E. Kelley.

The subject is approached with wisdom, common sense, sin and all the vices.

Lending is a business and borrowing is a way of earning.

It is our part to teach you how to make your living and to make money.

We do not want to turn your brain and heart and hands to the sordid task of making your way from south to the north and we shall do our best to help you in your love of culture or dexterity or your best ideas.

Our have been, now and always will be the gospel of earning money and saving money.

We do not only exalt the usefulness of the idea but we are trained to make our students to make this idea our way of earning.

We believe the earning of an honest dollar or the earning of an honest dollar may be the means of great wealth.

We enrich and expand the finer graces and deeper culture taught by science, Christian, and natural, and our real need for existence is teaching young people to do how to do human work and done and how to make more money for their own work.

Upon this you may plant our feet and put our faith.

APPLY THIS TO YOURSELF.

We are often asked how much education should be had before beginning a course in stenography. This is not an easy question to answer, but we are the more capable you are in any line of service.

As little as possible at first, and then gradually, will be found to be the rule in our community, socially, educationally, financially and otherwise.

Very sincerely yours,

H. E. STONE, Mayor.

organization that our work was such that he was not able to obtain a job who
could do his work with the experience following their training.

This is not a society school or a health resort or a rest lodge. We want
young men and young women who want what we have to give, to
have work, who believe in themselves, who
would like to have to do which work, and who attend classes regularly, who
will laugh when there is something to
laugh about and work when it ought to
be done.

Great Debate

(Daily News)

After two years of absence the Big 4 Society of Bowling Green University is allowed to make its return.

After two years of being the underdog, for the past two years as the case was concerned, the Big 4 debaters are given full sway over the big University and are shouting and saying "I told you so" in a manner bettling their station.

Big 4 defeated Corven last night at the Diamond Theatre in the fifteen annual debate of the society. And it was a thrilling victory, for never before in the history of the struggles has such a brilliant audience faced the boys on the rostrum. The picture was a beautiful one. The students, with the colors of the opposing societies, had donned the proper colors of a nation that fitted the occasion.

Mr. Max B. Nho, a prominent local citizen, was chairman and the judges were Dr. J. R. Savage, Pastor of the First M. E. Church; Dr. H. C. Taylor, Professor of English, Bethel College, and H. E. B. Trimble, Cashier of the Citizens National Bank, all of Russellville, Kentucky.

Bowling Green audience never witnessed more enthusiasm than was displayed on this occasion. The extending sides rallied around their standard bearers, each trying to get the word in and the songs. It was a beautiful, inspiring scene—banners and pneumatic and cannon floating over the room. Each speaker was cheered by his side when he took the floor.

The chief of opinion was over the bonus question: When the judges sent up the decision, the six speakers left the stage and took their respective sides to prevent mad rush over the footlights. When the chairman announced that the decision was two to one in favor of the Big 4's, pandemonium breaks loose. The winners were carried out on the shoulders of their followers and the losers were in pursuit.

The debate was better than the average and the languages of the speakers will be perpetuated for a long time in the years to come. The Big 4's are again on top and the Corven boys must now get back to study before the next big debate.

HIGHEST SALARIES OFFERED IN BUSINESS

Two thousand dollars, $5,000, $10,000 or $25,000 a year are not exceptional salaries or incomes for those who rise to the top in business.

When you see R. G. B. U. graduate, do not be surprised if such exalted and responsible positions as Chief Clerk, Private Secretaries, and Head Stenographers are held by our largest businessmen—when you see other graduates chosen Cashiers, Head Bookkeepers, and Tellers in the largest and best banks and when you see others chosen as Paymasters for steel mills, and dozens of others as Heads of Departments, Officers of Corporations, and Business Leaders, with incomes ranging from $1,500, $2,500, $5,000 to $10,000 a year, there certainly cannot be any question about the opportunities that await young men and women in business, or the results that can be acquired from training in the R. G. B. U.

A WINNING TEAM DEFEATED IN THE END BY THE RAMBLERS.

BOWLING GREEN BUSINESS UNIVERSITY.

(From the School News.)

The institution is located in Bowling Green. President, E. L. Harmon was a member of the recent State Committee and gave two years of his time to this cause without any compensation. He is at the head of a great institution. We do not have to go to Chicago to get courses in accounting. You can get them right here in our institution, in your own state. Courses in bookkeeping, government, etc., may be had at this Institution which has built a great reputation for itself.

THE MEMORY OF A TEACHER.

John C. Barnard, about eighteen years ago, attended the Bowling Green University and went to the Philippines Islands to teach. He returned to us ten or twelve years ago for postgraduate work and, after spending nearly a year here, started back to the Philippines to resume his duties and duties and absences. Recently a gentleman was traveling in the Philippines and accidentally found a large monument erected at the memory of "John C. Barnard, American Educator, Who Founded Schools of Panay Island." He said there were two or three of the schools of that island put there in the memory of Mr. Barnard. This is very pleasing to those of us who remember pleasantly the fine qualities of our late friend.

COME ON! COME ON! COME ON!

Butt, Feb 20, 1922.

To Commercial Teachers:

All ye commercial teachers who are buried and hourly groan, come to Bowling Green University Summer School for enrichment and rest. Come and let the real minds in the field of commercial education sit at their feet and receive new ideas and renewed inspiration. Go on that wonderful trip to Mammon Cave—age of God's own book—with Harmon and Hill and have the time of your lives. Count that vacation lost which does not include attendance at Bowling Green. Professors yours,

O. A. EURRELL

Your unsolicited words are narrow to the bone, Mr. Akerlund, and we thank you.

SIGHTS OF GREAT BUSINESS REVIVAL

Newspapers and financial writers say that business is growing rapidly now and that before the year is up it is possible for us to reach war-time activities. It is, therefore, an excellent time for a young man or young woman to get ready for a position. The nearer you work, the more necessary it becomes. Begin now.

The Bowling Green Business University, with its wonderful attendance, high interest and helpful enthusiasm.

THE PRESIDENT OF THE BUSINESS UNIVERSITY

A member of the Rotary Club of Bowling Green, was recently invited to address the Club on the subject of the Bowling Green Business University. This address ought to be read by every person who has ever seen this paper, as it contains interesting and inspiring information for young men and young women who want to better their conditions and especially for those who expect to enter commercial teaching. Write for full copy.

CAN YOU READ?

Certainly if you are an Illiterate we can’t help you, but you are or you would not be reading this. Business positions of this busy country are not filled by high school graduates. If all of these were to go into business they would not begin to supply the demand. The undergraduates must be called in great numbers. Just such youngsters as you, have filled business colleges in the past and soon will have filled the office vacancies and later made great business leaders - rich men and women. Be not dissuaded. Come and let us teach you in a few months to do some one thing well. Come now. You will like it here. You will have friends by the score and classmates just like you.
