Manners in Driving

By Evelyn Bailey

We've just had a big holiday, and to look at the news, we think it's bad news. Many of us have been on a holiday too. Good manners are never out of place, especially on the highways where they are vital for human life every minute.

According to Fred Dearborn, president of the National Safety Council, 15 per cent of fatal traffic accidents occur among drivers in the under-25 age group. Most of these are the result of carelessness or recklessness on the part of all drivers. This age group includes most of our college students. If it is true that you are a human being, possibly your own, means nothing to you.

This is a matter of some concern to the writer, who is more frequently awakened 'behind the wheel' than anyone else. But the writer is a member of this college and once told me she believed it was because one day she was driving carefully when an old lady in a car on her right couldn't seem to get out of the way. This is the writer's opinion, and stuff our pride isn't as bad as it used to be, causing most accidents, and yet we are college students, and we should have more ability than the average. This is why we have to deal with this, but aren't we?

The writers have had fourteen traffic deaths in 1940; twice the number of 1940, not mentioning the mail-in and local traffic. We have to let the blame go to Clay and Blackstone. Could some of this be our fault? We college drivers have had our sins. Can't we erase it and set a good example? The growing number of traffic fatalities is a nation-wide matter about it.

I would practice our manners, thinking that good manners is to the best. And your manners be like bears. Therefore don't make the student driving a bad reflection on you. Don't speak to your friends when you are driving, until they are a part of you and always be there for live sake. Other traffic accidents are by courtesy and hold your eyes on the road. Keep an alert awareness that you are driving can become a virtual monster in traffic, unless you carefully control it.

As in the rules, get a book of instructions, learn them and use them, especially on the highway. Your actions may be the difference between the highest and most expert drivers. When you start your car, you should turn on the lights, use those bright lights, think of the courteous way you want to approach it.

When you need to come to a stop, you should do so as quickly as possible and without unnecessary stops. This will help to keep your nerves and prevent unnecessary delays.

A Tribute

By Miss Marge Haas

Nature has given you a gift, may be said to be the outstanding trait of some West McCandless. Always a smile, a kind word, and a thoughtful gift to live for, her family, her friends, her college, her community. A loyal friend and always there when you need her. Her strength is not strong, her spirit is that of West McCandless. Keeping the tradition, she is a member of the Class of 1943, and all the traditions through her years in the Library are "All West McCandless". The West McCandless Club of her health and her life.

Looking Backward

TWENTY-FIVE YEARS AGO—Dr. Wilson's Advanced Composition class met in the Sandwich Shop where a banquet had been held. Dr. Wilson was very much pleased with the work of the students during the year. 1919-20. Western State to the University of Oregon by a free train, because the fund had been completed—$25,000.

THREE YEARS AGO—Mr. Day Lovett interviewed guest on the campus, Amelia Burbank, woman artist and writer of two novels—"The Little Things" and "When Pigs Were Eagles" football captains for the team.
Senior Class President
For '51 Is Bill Dolan

By Annette Hagen

A history major who believes in Western to be about the best spot of the map is president of this year's senior class.

Bill Dolan hails from Wallinco, in Butte County, where he went to high school except for one semester spent in Minnesota. There he took French horn.

Bill's family consists of his mother and father living in Wallinco, a brother at U. of X., and a sister Bill says that the most valuable to Carson Newman in Tennessee, experience he has had while in college is the association with his fellow students. One of his bugbears was that "southern hospitality actually existed somewhere." Bill had not expected the students and faculty to be as friendly at any college.

While in college, Bill has played the French horn in the college band and orchestra, has been an active member in the History Club, and played in "Life with Paederus" and "The Persecuted." Another great accomplishment was "to get differed until June 30, '51."

Bill believes that the most important thing the seniors could possess is:

Sgt. Brookins Joins Western Air ROTC

Technical Sgt. Louis Brookins has been assigned to the administrative unit of the Air Force ROTC here. Sgt. Brookins, a resident of Norwich, N.Y., has been stationed at Kirt Air Force Base, Florida. He is a member of the American Legion in Norwich.

He and his wife and four children are residents at 161 North Birmingham Drive.

Bill Dolan

Bill Dolan Vijay accomplish this year would be to unite. Working together this way, more will be accomplished. Bill said, "The spirit that is present at Western this year is the best I have ever seen in four years. I think the seniors will catch this spirit as a unit and carry it over to the alumni association. It will help them as individuals and will be a great service to Western."

Campus Interviews on Cigarette Tests

Number 10...THE PANDA

"Let's get down to bear facts!"

The sudden rash of quick-trick cigarette tests

may have caused panda-monium on the campus — but our scholarly

friend was unperturbed. He pondered the facts of the case and decided that

one puff or one sniff test...single inhale and exhale comparisons are hardly

conclusive. Proof of cigarette mildness doesn't come that fast!

And that's exactly why we suggest...

The sensible test — the 30-Day Camel Mildness Test

which simply asks you to try Camels as your steady

smoke — on a pack after pack, day after day basis. No snap

judgments needed. After you've enjoyed Camels —

and only Camels — for 30 days in your "T-Zone"

(T for Throat, T for Taste), we believe you'll know why...

More People Smoke Camels

than any other cigarette!
Be Happy - Go Lucky!

When first that last bell rings,
I rush out to buy my rings,
For in the very end,
There's Lucky's perfect blend!

Enjoy your cigarette!... If you're not happy with your present brand (and a 38-city survey shows that millions are not), smoke Lucky's! You'll get the happy blending of perfect mildness and rich taste that fine tobacco—and only fine tobacco—can give you. Remember, Lucky Strike means fine tobacco. So get complete smoking enjoyment. Be Happy - Go Lucky today!

Western Rolls Over Aces 75-63

Western jumped into an early lead over Eastern's Aces Wednesday night and held it all the way for a 15-0 victory before 600 fans at the Orange Bowl in Decatur. The shooting of Eddie Diddle put Western in the lead in the 11th and the second half. The win was the 12th for the Aces. Jack Turner led the scoring with 18, while Diddle followed with 16. Bob Glad led the Aces with 16, courtesy of Bob Barnett with 12 and Harry Atwood with 10.

In a thrilling preliminary game for the Westerners, Diddle dropped Aces at 71-12 in an overtime.

The Western name was carried by the 417-station Liberty Network, the Ashland Network, WKTG, and several other stations.

**Western Drops Xavier 79-62**

The Western Hilltoppers plunged swiftly into the fray with a favored Xavier-of-Cincinnati quint Monday night and emerged top dog by a decisive 19-92 scoring.

Led by tipping Jack Turner, the Redbirds, Indiana hoop master, with a big 21-point, the Hilltoppers were as unapproachable as a gasoline fire.

Pushing a 72-21 half-time superiority, Western set off a second half display of hardwood virtuosity that screamed the Musketeers and matched much last prestige for the jubilant victor.

Big Glue, the towering Tipper pivot, pushed in 18 points and was all over the boards throughout. Frank Willsizer was also a demon on the rebounds and donated 14 more points to the effort.

A neck-and-neck race throughout the pre-intermission play, the Tippers faced a tough enough card in Gene Smith. A deadly marksman, Smith left a 12-point average on the board and second half on 11 points with 17 marksmen.

Ed Diddle, the scrapping guard who helped push the margin with 13 points and a bevy of assists.

As the Musketeers fell further behind, it was Smith and Bob Dean, who got 14, with a vigorous Buck Eber who struggled valiantly against the Western rear.

The staff of the Kentucky Building News wishes everybody a very happy new year and everybody hearty wishes to make use of the very wonderful collections in the library and to visit the exhibition in the coming months.

DURING THE vacation period the library was closed with all the attendant lack of services. The library is now highly praised which will be written up in detail later, but will be spoken of in general in this issue.

A brother of the late noted Kentucky poet, Oak Young Rice, Dr. Leban L. Rice, now of West Heath, Va, Dr. Rice was made literary executor of the estate of the late Kentucky poet and has now placed in the Kentucky Library the books, manuscripts, records, photographs, portraits and personal effects of both Oak Young Rice and late wife, Alice Hagen Rice. The Rice is well known for her books of fiction, most notable of which is "Mrs. Wiggs of the Cabbage Patch." Also included are the works of Dr. Leban L. Rice. This material is important enough to deserve a special write-up later.

AS EVERYONE in Warren county knows, the court house has been renored, and the Kentucky Library has fallen heir to a great number of very rare and old papers and documents. These will add greatly to the Warren county records already here, many of which have been copied, completely indexed, and bound.

The KENTUCKY building radio broadcast over WUKA at 1250 AM. Friday afternoon has been resumed following the holidays. The program of Friday, Jan. 1, was given over to a discussion of the data included in the 1880 and 1890 original manuscript records of Warren county. These census records include the names of every man, woman, and child in the county on these dates, names of slaves and who owned them, and agricultural records of the county which tell how much land each farmer owned with everything he raised, both in quantity and in value. Also included is a history of every industry in the county with detailed information about them, and data concerning the churches.

These records are of particular interest from the viewpoint of the people, the agriculture, and the industries in this locality at that time.
