Barry Bingham, editor of the Courier-Journal, will deliver the commencement address to the members of the graduating class at Western, May 31, at 10 a.m., in the Tate Student Union.

The commencement speaker is the president of the Courier-Journal and Louisville Times Co., which serves as publisher of the Western, and Louisville Times Co., which serves as publisher of the Western. He is also president of The Standard Grain Co. and the president of Western University and served as a student in the Department of Journalism and as an editor during the 1944-45 academic year.

The commencement will be held in the Tate Student Union, which houses the Western Student Union and Western University. The program will be followed by the presentation of the university's annual awards and the presentation of the university's annual scholarships.

-- The Courier-Journal

Dr. N. O. Taff
Succumbs to Sudden Attack

Dr. N. O. Taff, head of the economics and sociology department, died Saturday morning, May 5, at his home in Bowling Green, following a heart attack. He was 52 years old.

Dr. Taff was born in Washington, Arkansas, June 11, 1894, one of the first women and men to attend the University of Arkansas and the first to graduate with the Bachelor of Science and Doctor of Philosophy degrees.

He did graduate work at the University of Chicago and the University of Minnesota and was a member of the faculty at the University of Minnesota and the University of Iowa.

He was the first woman to attend the University of Arkansas and the first to graduate with the Bachelor of Science and Doctor of Philosophy degrees.

Summer School

Students who come to summer school this year will not only be shortening the time leading to their graduation and tightening their program load but also be adding a new dimension. The opportu-
nity of taking courses not only greatly affords them the oppor-
tunity of taking courses not only greatly affords them the oppor-
tunity of being a college student in the same way as it is.

Regular courses of the year will be presented by each department and additional courses are to be opened.

Outstanding in this expanded curriculum is a workshop in moral and spiritual values in education. The workshop is directed by Dr. R. A. Moore of the English department.

According to Dr. Moore, this two-week course will give students a broad outlook on the discovery and development of moral and spiritual values in education.

It will attempt to interest people in that aspect of education which is the finding and negating of moral and spiritual values in the lives and school life in general.

Outstanding in the development of education, a clinic in visual education will be held for the pur-
pose of acquainting teachers, principals, and super-
tinbillionaries with the methods and techniques in the field of visual education.

Another special feature of the summer session will be a monthly educational clinic. In con-
nederation with this course, there will be demonstrated the clinic of education which will be conducted by the most modern machines for diagnostic purposes. If the demand is sufficient, a campus workshop for emergency teachers will be organized. The pro-
gram will be planned upon the fundamental of ele-
ments of education with emphasis upon the use of the tools of the rural teacher.

Special courses for adult education officers will include the course in auditing for pupil personnel and one or two courses in social study, if the de-
mence and demand are sufficiently. Members of the house economics department, two courses in home economics; Education, one or two federal workers, and others will participate in a workshop school lunch. Work-study projects will be conducted by the Department of Student.

A forum for the discussion of world problems will be directed by Dr. H. W. B. Thompson, department head, if there is adequate interest.

Freshman courses will be offered for the benefit of the school, college and high school, to be taken by their regular students.

HILLTOPICS
BY VERNON STONE
Caps And Gowns, Horse Operas, And Miscellaneous

After some disagreement between the calendar and the weatherman, it has been officially decided at least that the present season is opening.

This time of year was not made for confining

a typewriter and writing a newspaper.

If it were not for disappointing my host, reason would demand that my mouth

I would not better to fill this part of the page. Realism

However, just could not be offered for our readers, hereby make my regular contribution to literature.

THE TRADITION BEHIND THE HAT

Your room is no longer just an ordinary student. I have of late joined the ranks of a distinguished group called graduating class members. I have been identified as the black-graded creatures that come slithering down from the top of a newspaper column.

After four years of going to college, it is under-

standing how much we eat our caps and gowns.

The only part I am proud of, but I am the proudest. You see, I have the oldest cap in the graduating class. I don’t know exactly how old it is, but I suspect it is the one that Dr. Warner, Miller wore when he got his life certificate in 1921. It is one of the old style caps that is made of black silk like the rest of the cap but not, in the case that I might know what is contained in a mortarboard, my cap shows just that. The hat that makes my cap distinctive is its black beaver band. Now most such bands are usually made of black cloth like the rest of the cap, but not, in the case that I might know what is contained in a mortarboard, my cap shows just that.

You see, I have the oldest cap in the graduating class. I don’t know exactly how old it is, but I suspect it is the one that Dr. Warner, Miller wore when he got his life certificate in 1921. It is one of the old style caps that is made of black silk like the rest of the cap but not, in the case that I might know what is contained in a mortarboard, my cap shows just that.

Next comes a strip of metal that fits around the side of the cap. Most such bands are usually made of black cloth like the rest of the cap, but not, in the case that I might know what is contained in a mortarboard, my cap shows just that.

Third, is the metal strip that is fastened to the front of the cap that can be seen is the actual band of the cap. This what the band that makes my cap distinctive is its black beaver band. Now most such bands are usually made of black cloth like the rest of the cap, but not, in the case that I might know what is contained in a mortarboard, my cap shows just that.

Next comes a strip of metal that fits around the side of the cap. Most such bands are usually made of black cloth like the rest of the cap, but not, in the case that I might know what is contained in a mortarboard, my cap shows just that.

This is the band that makes my cap distinctive is its black beaver band. Now most such bands are usually made of black cloth like the rest of the cap, but not, in the case that I might know what is contained in a mortarboard, my cap shows just that.

These are the parts of the cap that can be seen is the actual band of the cap. What the band that makes my cap distinctive is its black beaver band. Now most such bands are usually made of black cloth like the rest of the cap, but not, in the case that I might know what is contained in a mortarboard, my cap shows just that.

Well, you see, I have the oldest cap in the graduating class. I don’t know exactly how old it is, but I suspect it is the one that Dr. Warner, Miller wore when he got his life certificate in 1921. It is one of the old style caps that is made of black silk like the rest of the cap but not, in the case that I might know what is contained in a mortarboard, my cap shows just that.

English

"Rigor A. Pott" was the subject of
a speech given by D. E. Wiggins
English faculty member, as the in-
itial seasonal meeting of the English
club held Thursday night, May 8.

The principal organization of
Mr. Wiggins was a talk on the num-
ber of poems and stories, this pop-
ularity has been known to exist be-
cause of the popularity of the poems.

It was decided by the club to have
one meeting during the summer
season.

"CECILE FRANCIS"

Finishing the year's exercises on
French in Western Kentucky,
the French club met at radio sta-
nal WYLL Monday and made a tape
recording of a program on "The
French in Western Kentucky" for
exchange with similar groups in
other schools.

This recording was made in Fren-
ch, but the disc records were made
in English for the album that the
club has been preparing for contri-
bution to the Kentucky Building.

The club presented an award to
Judith Griffin for her preparation
of the musical background for the
French program and for organizing
the program during the year.

Mr. Daniel delivered the accep-

kirk of Frankfort.

Dr. Bert R. Smith
Has Weekend Visitors

Capt. and Mrs. Charles B. Smith
and daughter Diane of Fort Jack-
son, Columbia, South Carolina,
spent last weekend with Capt.
Smith's family parents, Dr. and Mrs.
Bert R. Smith, and with Mrs. Smith's
parents, Mr. and Mrs. M. B. Wil-
hams.

Capt. and Mrs. Smith were in Mon-
day for the annual meeting of the
American Psychiatric Association
at Cincinnati.

Capt. Smith received the B. S.
degree in 1914, and Mrs. Smith the
B. S. degree in 1916. Capt. Smith
received the M. D. degree at Van-
denburg University.

Mr. and Mrs. Frank Griffin
announced the birth of a 7-pound,
11-ounces son, Frank William, born
May 4. Mr. Griffin is assistant foot-
ball coach at Western.
Inspectors Rate ROTC Units

The ROTC officials were ranked "satisfactory" by the Army and Air Force officials during the annual national inspection of ROTC programs.

The rating is based on various factors, including academic performance, leadership ability, and adherence to military standards.

A SIMILAR announcement by Colonel John J. Flaherty, inspector from the 1st Air Force, Major Glenn A. Smith, inspector from the 2nd Air Force, and Capt. George H. Ray, inspector from the 3rd Air Force, indicated that the program was rated "satisfactory" by the Army and Air Force officials.

Army ROTC cadets receiving special recognition included Cadets Peter J. O'Connor, Deanna A. M. Smith, and Michael J. Anderson, who were recognized for their outstanding contributions to the program.

The ROTC program has been highly praised by military officials, who have noted its role in preparing young people for leadership positions in the military and in other fields.

Editorial

The editorial section of the newspaper featured articles on various topics, including a commentary on the importance of ROTC programs in preparing young people for leadership roles.

A Column

The column section of the newspaper included articles on various topics, including a review of a recent military exercise.

Senior Banquet Held April 30

Lively and colorful in its entirety, the annual senior banquet of the ROTC unit held on April 30, had as its highlight the "International Reunion program" of Dr. and Mrs. Earl A. Magee, who were honored guests.

A mike M. N. ("Mike") Magee, who was a guest speaker, was presented with a plaque in recognition of his contributions to the ROTC program.

ATTENDS MEETING

Miss Frances Andrade, the daughter of the late Capt. Robert L. Andrade, and Rev. Mr. Andrade, were present at the meeting.

"I don't go for a wild pitch!"

Edward Flannery is shown re- plying the speakers step Cherry Hall, clamping of the hour. Readjustment of the sequence and hours of operation may be made after the new equipment is instal- lated.

Adjacent to the art gallery on the third floor of Cherry Hall is a room housing a wax museum from which the chimneys can be played on special occasions.

Accessible off this room is a stairway which leads to the upper levels of Cherry Hall. The chimneys themselves and the amplifier are in the basement.

Mr. Thompson expressed reason- able assurance that the chimneys, which are a distinct part of West- ern, will remain in working order in the future.

Chimes In Cherry Hall

Are Ringing Once Again

By Evelyn Bailey

Do you know what happened at 7:30 Monday evening, May 11? Blue Monday was cheered a noti- able change as the chimies in Cherry Hall began to ring again.

Built when the building was erected, the chimies have been in-operative for several years because much of the equipment has been out of order and the speakers destroyed.

ONLY RECENTLY has it been that President Paul L. Garrett des- ignated Kelly Thompson as re- sponsible for their renewing opera- tion.

Actual repair work has been done by Edward Flannery, senior physics major from Oakville, and the panel mounting of the speakers is to be done by the Industrial arts depart- ment under the supervision of L. T. Smith, head.

The chimies are now sounding by use of temporary equipment nor- mally used in the press box in the gymnasium.

Replacement of four speakers and an amplifier is necessary, and in- stallation will be made when the new equipment arrives from Wash- ington.

As the chimies are now set, they ring every quarter hour from 6 a. m. to 11 a.m.

In a different sequence of notes each time, the column strike four notes 15 minutes after the hour, eight notes on the half hour, 12 notes at 45 minutes after.

The CHIME is struck by the striking of 16 notes followed by the

Western's victory over Tennessee Tech yesterday completed a two-game sweep of the Black Knights and enabled the Black and Gold to win their third straight track meet, carried over from the previous season. The meet was held on the Tech campus.

The score of 56 to 6 was not a record for the series, but it did bring Tech closer to the record of 550 points set in 1961.

Former Western star in football and track, Joy Arthur, is playing for the Nashville club in the Southern Two Hundred League. Arthur, who is the property of the Baptist Church, won his first game recently in a relief role against Pueblo.

The Tech football team has won every league football title since 1941.

Roger Olmstead lost to Paul Trickedman of Eastern, marked the first time since the mid-season of last year that Tech's Marshall was able to play football. Tech's win at this point is the only win in the last 11 games.

The score was 20-0 and the game was played in 72-degree weather.

Since the team's 1-0 loss to Western in the 1941 season, Tech has put together a string of eleven victories to complete the mid-American Conference.

Netter Suffer First Shutout Since 1941

Western suffered its first defeat at the hands of an opponent since the 1941 Western vs. Eastern game in which Tech was defeated 7-0 by a score of 6-0. The game was held in 1941.

The game was played in 72-degree weather.

The score was 20-0 and the game was played in 72-degree weather.

The Tech football team has won every league football title since 1941.

Jim Clegg, veteran umpire with thirteen years of professional experience, and as an instructor in the class A. A. A. Association, is conducting an umpire's school in the Western Gym.

The school is open to all persons interested in becoming a professional umpire. Those interested should contact Jim Clegg or Bob Trimmer.

Gifts Wrapped For Mailing FREE
Awards To Be Made In Chapel

Various awards received by the college and by individual students since this time a year ago will be formally presented at chapel, May 30.

Certificates will be presented to the 17 seniors voted to Who's Who in American Colleges in University.

The College Heights Herald will be honored with a certificate from Columbia University signifying its highest ranking of publications earned in the annual contest including college newspapers all over the United States.

Athletic trophies won during the last year will be granted.

Individual military awards by the ROTC department will also have their place on the program.

Departments or organizations that would like to make any awards to the college or to students at this time should contact Kitty Thompson immediately so that arrangements can be made.

Mrs. George Disher Dies At Glasgow

Mrs. George Disher, née Pearl Johnson, AVM, died at her home in Glasgow on April 23.

She majored in history at Western and later studied at Indiana University, where she taught in the high schools of Marshall, Mayville, Cave City, and Glasgow. Her husband died in 1942, and after his death she returned to teaching and continued until health forced her to resign.

Funeral services were in Glasgow, with burial in the Shannon Cemetery in Mason county.

Music Review

Dorothy Grider, free-lance commercial artist from New York, spoke to the library science class of elementary book selection Thursday, May 5, in the library.

Miss Grider explained the writing, printing, and advertising of a children's book from start to finish, emphasizing the part played by illustrations.

Since her graduation from Western as an art major in 1938, Miss Grider's reputation as an artist has grown largely through illustration of children's books.

Cocktail napkins, book covers, greeting, Christmas and playing cards, tea bags, and portrait paintings also show expression of her talent.

The Delta Reader, one of the test books she has illustrated, is used at the Training School.

Illustrations of more than 40 children's books bear Miss Grider's signature. She has written and illustrated four books of her own. Two already have been published; the other two have been bought by Norton's, but their publications have not yet been released.

Always having wanted to travel, Miss Grider left her New York studio last year to spend seven months in Europe.

Miss Grider is in Bowling Green visiting her parents, Mr. and Mrs. Rufus Grider.

SPEAKS AT CHANDLERS

Dr. Gordon Wilson, head of the English department, spoke at Chandlers High School in Auburn on May 16. His subject was "Living Now.

Concert By Johana Harris Is May 20

The piano concert scheduled last Sunday at Van Meter auditorium was postponed because of her illness.

Please note that the concert is to be presented at 2:30 p.m., May 20, at Van Meter.

Mrs. Harris, part-time member of the Western music faculty, is recognized as one of the foremost female pianists.

Admission to the concert is to be ticketed only. Tickets may be obtained from the Western Bookstore office, Royal Music Company, Heath Hotel and Hartig and Benail Jewelers.

LIKE THOUSANDS OF AMERICA'S STUDENTS -- MAKE THIS MILDNESS TEST YOURSELF AND GET WHAT EVERY SMOKER WANTS

SMELL'EM

PLUS NO UNPLEASANT AFTER-TASTE

OVER 1500 PROMINENT TOBACCO GROWERS

SAY: "When I apply the Standard Tobacco Growers' Test, to cigarettes I find Chesterfield is the one that smells milder and smokes milder."

A WELL-KNOWN INDUSTRIAL RESEARCH ORGANIZATION REPORTS: "Of all brands tested, Chesterfield is the only cigarette in which members of our taste panel found no unpleasant after-taste."
