Homecoming Festivities Begin This Evening

Gibson, Mendoza To Be Featured In Special Chapel

A special chapel program will be presented on Monday, October 26, in the auditorium building on the campus of Western Kentucky State College. This program will focus on the life and work of Dr. Raymond T. Codd, a former WKSC professor and noted authority on bacteriology and marine biology. The program is open to the public and will feature a talk by Dr. Codd, followed by a question-and-answer session. The event will conclude with a reception in the auditorium lobby. All are invited to attend.

Sumpter, Miller Collaborate On Science Article

Volume seven of the Encyclopaedia of Chemical Technology, edited by Dr. Raymond Kirk and Dr. Donald Odler of Brookline Polytechnic Institute and published by Interscience Encyclopedia, Inc., of New York contains a note page article on Endo's by Ward C. Sumpter of the Chemistry Department of Western and F. M. Miller of the University of Maryland.

In addition to this reference in the Encyclopaedia, Endo® Sumpter and Miller are collaborating in the preparation of a volume, containing approximately 10 pages on compounds containing Indole and Carbazole Rins which will be published as one volume in the series of monographs. The Chemistry of the Heterocyclic Compounds, being published by Interscience Publishers, Inc., of New York, is scheduled for publication in the summer of 1953.

Climaxing Homecoming will be the clash between the Hilltoppers and the Ohio Valley Conference for the Tennessee Tech. The game is scheduled for the second Saturday at 3 p.m. the afternoon during the Western Stadium. There have been many events planned which will take place before and after the ball game.

Senior Pictures Now Being Taken

Senior pictures for the 1952-1953 school year will be taken at the Club House, Photo Center, 901 Sixth Street. A new procedure for appointment is being tried this year. Photographs will be dated for the seniors each week. These dates are to be used in determining the order of the prints. The Photo Center staff will be available at 3:30 each afternoon on Monday, Wednesday, and Thursday.

Tech Game Will Climax Gala Weekend Celebration

The pep rally will be followed at 3:30 p.m. with the Homecoming dance, held in the Western gymnasium, with music furnished by the Red and Gray orchestra.

Clowning will be featured in the Homecoming Spirit Coronation to be held on Friday night. The coronation will begin at 8:45 p.m. A float parade will be held at 9:00 in the Home Hall. At 10 p.m. the newly-elected queen will entertain her schoolmates with a dance at the Presbyterian Church in Bowling Green.

Any person between the ages of 15 and 21, who is a member of the Homecoming court, may apply for the Homecoming queen title. Applications may be obtained from the school office for the coronation.

The Homecoming Court and Homecoming Queen will be announced at the coronation on Saturday night, November 2, in the auditorium. The King and Queen of the Homecoming Court will be crowned at the coronation.

The Homecoming Court will consist of a King, Queen, and eight court members. The court members are selected by the Homecoming Committee and the Homecoming Queen.

The Homecoming Court will be announced at the coronation on Saturday night, November 2, in the auditorium. The King and Queen of the Homecoming Court will be crowned at the coronation.

Two Classes Elect Officers

Both the junior and sophomore classes completed the election of their class officers for the 1953-1954 school year at their first regular class meeting of the year, October 13, at 11:15 a.m. in the auditorium.

Junior president,选择 president, Vice President, Secretary, Treasurer, Members-at-large, and Teachers' representatives, were chosen. The sophomore class elected its class officers as follows: President,选择 president; Vice President, Secretary, Treasurer, Members-at-large, and Teachers' representatives.

Make Nominations

Nominations were made for the offices of the senior and freshman classes. The senior class officers are: President, Secretary, Treasurer. The freshman class officers are: President, Secretary, Treasurer, Members-at-large, and Teachers' representatives.

Alumni Club To Meet In Covington

Western's Alumni club of North Carolina will hold its annual luncheon on Friday, November 13, at the Seville Hotel in Covington. The president of the club is Edward T. Thomas, District Engineer for the State of Kentucky. The luncheon is open to the public and all are invited to attend.

ON THE COVER: Photo credit above are the three remaining finalists for Homecoming queen. From left to right they are Miss Nancy Atkins, Miss Irene Atchley, and Miss Evelyn Winters. They will be crowned Homecoming queen on Saturday night, November 2, at the Western High School Homecoming Dance.

ONE WILL BE QUEEN—Picture above are the three remaining finalists for Homecoming queen. From left to right they are Miss Nancy Atkins, Miss Irene Atchley, and Miss Evelyn Winters. They will be crowned Homecoming queen on Saturday night, November 2, at the Western High School Homecoming Dance.

Apply Now For Deferment Test

Applications for the December 19, 1953 and the April 24, 1954 administration of the College Qualification Test are now available at the Selective Service System local board in the community. The test is required by law for all students who intend to enter or return to college. Applicants should make sure that they are familiar with the requirements of the test and the process for taking it.

Following instructions in the bulletin, the student should fill out the application and mail it immediately to the local board. Instructions for the December 19 test are due by November 1, 1953. Requirements for the April 24 test are due by January 15, 1954. The test is free of charge and there is no charge for the application.

Two Class Officers

Two classes in the school have elected officers for the upcoming year. The senior class officers are: President, Vice President, Secretary, Treasurer, Members-at-large, and Teachers' representatives. The freshman class officers are: President, Secretary, Treasurer, Members-at-large, and Teachers' representatives.

Junior alumni members of the school are: President, Secretary, Treasurer, Members-at-large, and Teachers' representatives.

The Homecoming Queen and King will be announced at the coronation on Saturday night, November 2, in the auditorium. The King and Queen of the Homecoming Court will be crowned at the coronation.

The Homecoming Court will consist of a King, Queen, and eight court members. The court members are selected by the Homecoming Committee and the Homecoming Queen.

Welcome Homecomers

Today begins a weekend when hundreds of men and women will return to the campus of the College Heights Herald, which was once theirs. All of them have something in common—they were educated at Western. This week, the College Heights Herald will be the voice of the Homecoming excitement on our campus, renewing acquaintances with former classmates and rekindling memories of the old days when they were here. For one weekend these people will forget their jobs and other duties, and again become Westerners.

There must be something which makes them come back. Surely. It is the one thing which always holds them to the campus. It is the spirit of Western.

Homecomers will renew this spirit in many and varied ways. With full hearts and high spirits, they will return, to enjoy the Homecoming chapel and football game, and all the other events that are planned for you this week when the alumni return home to bring today's Western and the Western of their day closer to each other.

For students and alumni alike, Homecoming is an uplifting time, a time to remember, and a time to be for- waxing the strength and spirit that makes the master." Present students can profit by meeting many of the Homecomers and talking with them. Alumni will be able to recapitulate the spirit of their youth or perhaps gain a new philosophy with which to meet the world today.

We of the Herald join with the rest of the students and faculty in extending this warm welcome to all the alumni with a sincere wish for the greatest and best Western Homecoming ever celebrated.

Defense, Our Job Too

Right now is the time for you to become a part of one of the greatest success stories ever written. We are building it. We are financing it. We are nationalizing it, and your way to become a part of it is by buying United States Defense Bonds. Already, $33,000,000 in Defense Bonds are held by the students and faculty. I urge you to add your share to this Defense Bonds campaign in order to continue to equip our在一起，fighting the Axis.

Don't forget that bonds are now a better buy than ever. Bonds are the safest investments you can own. They will pay you interest every year for one, two, or five years. Bonds are a sure return, not just safe but so much as $12.51.

As college students some of us will find it hard to save money since we are already financing the war, but there are thousands of Americans fighting for us and our right to be safe against the Axis may be possible. That's why defense is our job too. That's why each one of us will have to save money, even if it is only a few dollars. When we buy Defense Bonds, we are investing our money to help the United States win the war.

Defense Bonds are investments in the war, and the war is our job. Investing in Defense Bonds is our way of giving a helping hand in the fight against the Axis. It is our way of saying we want to win the war and keep theAxis from destroying our freedoms.

Defense Bonds are not only a patriotic investment but also a wise one. The interest rate on Defense Bonds is much higher than that on other investments. This means that you will get a better return on your money than you would on any other investment.

In conclusion, we urge you to buy Defense Bonds. They are the safest investments you can own. They will pay you interest every year for one, two, or five years. Bonds are a sure return, not just safe but so much as $12.51.
Cast Chosen For "Two Blind Mice"

Those who are accustomed to folding copies at Washington bureau are already aware of the difficulties of a night-ly prospected government will have some fresh evidence that they see the Western Players production of the Broadway smash hit, "Two Blind Mice," to be produced in Van Meter Auditorium next Thursday evening. Not a new one is this play by Samuel Spewack is the latest offical story of a government bureau in Washington still in operation since then has not been officially admitted.

In the role of Lee Wallace and Miss Crystal Fowler, the operators of the "lost" office of fishers and standards, are perfectly aware that they have been imprisoned, even though they have not received official notification. Taking advantage of this situation slip, the two old ladies teach in to package a series of files and contents of their Federal records, and they ignore the ringing of the office telephone with which marks out what is that unaccountably what is it?

To keep themselves in health as well as honor, Miss Wallace and Miss Fowler collect parking charges and rent money in the building to a negligence, a thumb attended and a newly-married couple.

When an ingenious reporter arrives on the scene to examine the two old ladies how to protect their activities in the office of fishers and standards and without a box, the couple begins to reach deep thoughts. A notorious practical, the reporter pleasure the head out the Army, the Navy, the Post Office, and the White House, by managing

Geographer Speaks In Todays Chapel

Dr. Samuel Van Valkenburg, head of the graduate school of geology at Clark University, Waltham, Mass., is speaking on some phases of economic geography in chapel today, at 10:30 a.m.

A native of Lenapeon, Pennsylvania, Dr. Van Valkenburg has attained prominence in the field of geography with a college text, "Elements of Political Geography," and a series of larger than palm-sized pocketbook volumes that have acclaimed wide circulation.

Dr. Van Valkenburg spoke last night at 10:13 in the Little Theater.

This classy campus exper-cutter got his moonful of cute cigarette tests. It didn't take him long to dig out the fact that cigarette mildness can't be determined by a single pull or quick-sniff experiment. Millions of smokers, on and off the campus, have discovered there's only one true test of cigarette mildness.

IT'S THE SENSIBLE TEST . . . the 30-day Camel Mildness Test, which simply asks you to try Camels as your steady smoke—on a day-after-day basis. No map judgments. Once you've tried Camels for 30 days in your "T-Zone" (T for Throat, T for Taste), you'll see why . . .

Cameled leads all other brands by billions.
teachers Travel, Bring learning back to students

By William Ford

"Structures should be travelogues," says Mrs. Herman Love, one of three teacher travel leaders, who said most of their summer vacation time was spent traveling. "We try to do it profitably, but the students more than profit grow. What is taught them in a first-hand experience can only be learned in this way." Teachers have just returned from different countries. In addition to giving an idea of the structures of the students, these travelogues have been used to give the history of the things they returned with: falles, and other figurines from Belgium, silver jewelry and leather from Florence, a piece of lava from the Roman ruins, samples of Venetian glass and plastic material direct from Scotland. While their students read that Switzerland is famous for its watchmaking, there will be a beautiful watch to give proof.

Kentucky Building Houses Personal And Professional Effects Of Some Of State's Early Men Of Greatness

EDITORS NOTE:—The following text was contributed in the Park City Daily News by E. B. Gherardini of New York, who is a former member of the Herald staff, now a regular for the Daily News.

Rising from the hollow in which it is nestled and glowing above the Russellville road on the West Kentucky, in all the splendor of its位置 in the lore and spirit of those growing up, is a building that... etc... etc...

The Kentucky building, a monument to the contributions of Kentuckians to the movement of the nation, grew from the idea of an urge in the Edmond and spirited mind of Henry Martin Cherry, the father of Western State College.

HOUSED HERE ARE the simple implements of the little people that helped America grow and the effects, personal and professional, of some of Kentucky's early men of greatness.

There is a chair belonging to a Kentucky, Ephraim on McLean Branch, who is accredited by a British officer with having provided the nucleus of the American victory in the Battle of New Orleans.

Here within the walls that house a poignant air of yesterday, is the cradle but sturdy prow of the cradle boat used in the general action to help the foundation of the great American continent.

The silent witnesses of the past are given the voice of the recorded disc, while the names of Kentucky and America's builders, the printed pages that form the shelves of the building, describe the growth, history, housed in the east wing of the building, as well as the growth, in the west wing of the building, as well as the growth, of the Jefferian, Mrs. Frank P.

The museum pieces are under the patronage of Drury Cars, curator of the museum. There is a fascinating story to many of the specimens on display in the museum, and its curator knows the details of a vast portion of them.

Entering the reception room in the middle of the building, the visitor feels himself in the wide and dignified expanses of the high ceilings and beautiful floor areas.

HERE THE FURNITURE that occupied the terraces of time, enjoys the sanctuary of people who look with fondness on the ancient equipment or earlier life, furniture sometimes beautiful, sometimes quaint, but always interesting.

There is the love seat and two chairs that formerly belonged to John Tyler, President of the United States. There is the square piano, made for W. C. Peters, the Louisville music publisher who published some of the music of Stephen Collins Foster, and much of the works of William S. Haynes, the famous cornet artist "Darling," the book that sold 2,000,000 copies in that early day when it was printed, and is rare once again in wide popularity after it has revived the singer Eddie Arnold.

In the reception room also, as pointed out by the curator, is the lithograph style chair of drawers that graced the home of John J. Crittenden, governor of Kentucky and later United States senator.

The visitor may look with a quizzical eye on the drinking board of G. W. Parker, who, at the age of nearly two inches marble top of which is bevel cranked in two places, suggesting an overly curious application of the purpose of the piece.

An old medallion, from which flowed the strains of sacred music in the first Catholic mission to Bowling Green a century ago is here. The captured coin of the connoisseur is attracted by the view of a grandfather clock.

The tall clock, which indicates the feet of the moon and the phases of the moon, sur... for the fragment of... in the oil lamp... as a living witness of more than 100 years.

The clock's hands make one enter the large division known as the third room.

41 Boys Try Out For College High Varsity Team

College High's basketball team, coached by Johnny Gohmert, held its first tryout of the season Monday, October 8. Some 41 boys tried out for varsity and 36 for junior varsity.

John Muntain, 6th center, was the only man returning from last year's starting five. Returning seniors are George Bush, Jerry Det- Schaw, Bill Manning, Bobby Owens, Glenn York and Mountain.

Last year's team compiled a record of 18 wins and four losses in 23 games. This year's team will play 26 games, the first one on November 15.

Louisville Minister To Be Religious Emphasis Speaker

Dr. William A. Benfield Jr., guest speaker scheduled for Religious Emphasis Week, is a native of Greensburg, West Virginia, where he was born 23 April, 1909. He graduated from the University of Kentucky with the B.S. degree, in 1931, the B.D. degree in 1933, and the Th.M. in 1936. In 1935 he was ordained to the ministry of the Presbyterian Church. In 1949 he was appointed to the staff at the Louisville Presbyterian Seminary where he taught and was pastor of Bethesda and The Old Testament until 1949. In that year he received the Ph.D. degree from the Southern Baptist Theological Seminary and was made Vice-president of the Louisville Presbyterian Theological Seminary. In 1949 Dr. Benfield then received the D.D. degree from the Allegheny University, and took over the Pastorship of the Highland Presbyterian Church in Louisville where he is now serving.

His ministerial activities include: A City Preaching Mission in Charleston, West Virginia in 1940, and one in Columbus, South Carolina in 1949. He has been Religious Emphasis Week Speaker at Louisiana State University, University of South Carolina, University of Kentucky, Centre College, and Eastern State College.

The address at the Western Lunchroom, Operations Church News, Power, Democracy and Christianity, was delivered by the Minister of Religion, who spoke on "The Importance of Possibility." Jess Holf, a former physics major and later instructor at the University of North Carolina, visited the campus Friday October 12.

Faculty Additions Announced for Present School Year

Two new additions have been made to Western's college faculty for the present school year, and one announcement has been made from the offices of the business college.

In the music department, Steven H. Lisowski, who received his B.S. and M.M. degrees from Coe College, Cedar Rapids, Iowa; the M.M. degree from the University of Wisconsin, Madison, and the Ph.D. degree from Northwestern University, is taking the place of Mr. and Mrs. Roy Harris. Mr. Harris was the recipient of the American Music Traveling Fellowship from Harvard for two years, and Mrs. Harris, former members of the Gonzaga University faculty for teachers, have been employed as part-time music teachers in the high school.

They are now on leave of absence working on a revision of the high school music programs of Pullman, Bellingham, and the Methion Foundation.

Robert B. Pearson, who was graduated from the University of Michigan with the M. S. and M. M. degrees, has taken the place of Mr. and Mrs. T. R. Hays, who have been made the director of the Training School faculty for this year.

Miss Mary Frances Ralph is on a year's leave of absence and has been replaced by Mr. and Mrs. T. R. Hays, who are graduates of the University of Kentucky.

John Chislom has succeeded Dean Dewey as archivist at the college, filling the position vacated by Mr. and Mrs. T. R. Hays.

rose or spider-web vipers, and turtles.

Going down a short flight of stairs into the relief room, there are two sections, one of which contains well-preserved native animals, such as Fort Harrod, the first permanent settlement in Ken- tucky. Also here is the trundle bed that could have moved with the sleepers on it; under the high beds once in fashion. The space-saving convenience would be as much a boon to the dweller of the tiny mod- ern efficiency apartments, so to the residents of the cramped quarters of the log cabins.

"Also in the relief room are the old spinning wheels, cooking stoves, farm implements and other articles of the bygone styles of Ken- tucky living."

The chair mentioned earlier, which belonged to the early Ameri- can soldier, bears a great similari- ty in the principle of its design, to the "modern" idea of shaping chairs to conform with the contours of the human body.

Its earlier owner was accredited in a letter printed in several bonds, all contained in the Kentucky li- brary, with telling a British officer at the battle of New Orleans at every step. This, the Britisher main- tained, so generalized the British captives, that they were incap- able of effectively directing their troops.

The story, said by Jesse Stiart, author of "The Man With the Bull-Tongued Fire," to have been older than that of the book itself, was that Stiart ate at Home- cino's. Its heavy ironwood con- struction lends to speculation on the

E. Kelly Thompson
To Become New Kiwanis Governor

E. Kelly Thompson, assistant to the president of Western, will be- come governor of the Kentucky- Tennessee District of Kiwanis Interna- tional on January 1.

He was recently honored with a dinner by the Louisville Kiwanis Club on the occasion of being honored with a dinner by the Louisville Kiwanis Club on the occasion of being elected governor.

Mr. Thompson's first duty will be to attend the meeting of the Kentucky-Tennessee Kiwanis appointments for the coming year.

Invitation To Reading

An invitation to "Invitation To Reading," has been extended to all by Dr. and Mrs. Karl A. Moore of Western English department. Invita- tion To Reading is a radio pro- gram, conducted by Doctor and Mrs. Moore on station WKCT each Monday evening from 7:15 to 8:00 o'clock. The program is under the auspices of the Bowling Green Literary Council. Papers presented will be in the form of plays, excerpts from novels and short stories, articles, etc.

The audience from Dr. Moore's class in Bible Literature are scheduled to attend the program on October 22. They are: David Melford of Bowling Green, Garvin Cook of Central City, and Howard Mat- thews of Paducah, Ky. The program will be a Bible Quiz.

Floyd C. Carter of the physics department, spent several weeks last summer doing research work with the Westinghouse Electric Company of Claverport, Kentucky and Ohio, investigating the manufacture of iron-resistors, which are the subject of Mr. Carter's research.

MALONE'S PORTRAIT STUDIO

The Congress Debating Club will present a debate for its next meet- ing, October 22 in the little theater.

"Resolved, That the Federal Government should Adopt a Per- manent System of Wage and Price Controls" will be the subject for the meeting. Affirmative speakers will be David Hawkins and George Beard, and Negative speakers will be Kenneth Stevens and Thomas Fugate.

PHYSICAL-EDUCATION CLUB

Bain Palmer was elected presi- dent of the Physical Education club in the first meeting held Thursday, October 1.

Other officers elected were An- nabelle Hagan, vice-president; Norma Moore, secretary and treasurer and James Hobey, reporter.

Homecoming was discussed along with plans for election of Homecoming Queen.

IVA SCOTT CLUB

New members were entertained and Miss Veda Simpson, the newest member of the Home Economics department, was introduced at the first meeting of the Iva Scott club in the Kentucky Building on Octo- ber 9, at seven o'clock.

Miss Nancy Atkinson, who was elected president at the close of last year, presided. Miss Betty Lou Ad- kins was elected vice-president in the place of Miss Frances Wixley, who is no longer in school. Miss Barbara Hsemson was elected re- porter. Other officers are secretary, Janet Denison; treasurer, Ruth Alston; and sound leader, June Du- pree. The members of the club were assigned big sisters, with Miss Simpson as advisor for the group.

The formal initiation of twenty- one new members will be climaxed by a formal installation program at the next regularly scheduled meeting in November.

Mrs. Lottia Day is club sponsor.

Norma Jean Asher, 314 W. Ma- 31, is teaching the fourth grade at Washington school in the Owens-boro city schools. Before working on her M.A. degree, she taught for three years in the first grade at the Wadhfield Avenue school in Mad- isonville.

Try one, two, or even 51 grams, 15 dollar epoxx in any color. Save only $1.35
Toppers Come From Behind To Take Morehead 20-7

Quarterback Jimmy Fox hurled three touchdown passes as Western came from behind to whip Morehead 20-7 in an Ohio Valley Conference game that produced a margin of victory.

The Hilltoppers had two more touchdown opportunities by Pitt and Tech fans, but the Mountaineers scored both.

Fox passed successfully three times for 19 yards and McFadden supplied an 18-yard pass.

The next time they got the ball, the Toppers rammed 66 yards to the end zone. Billey sliced off left tackle for 20 yards to get it under way. Pitt again hit on three ac-

tivities, the last one from 19 yards out to McFadden, who heaved the final 10 yards after one of his three interceptions.

Billey added another yard in the half and the Mountaineers had 54 yards with a Pitt punt. Then Stevens intercepted another Pitt pass in the end zone. It was the first of the three interceptions.

Billey added the first-half kickoff to 23 yards in seven plays to Jack on the Mountaineers. Billey is an 18-yard pass from Fox and scrambled 43 more yard by just six. He was then on his way to a touchdown and added to his total and led lateral and was caught from the backfield.

On fourth down, Pitt shot a one-yard pass to Halfback Bob Pfeifer for the score. After drawing a 15- yard penalty on the extra point, Western tried to pass for the 1-point lead.

Late in the third quarter, Billey broke loose again for 11 yards to the Mountaineers. But Western could not generate a second.

There were only 1:30 remaining when the Mountaineers took off from their 23-yard line to score. Billey and Fox passed to McFadden and Billey slipped in for the touchdown.

The Mountaineers 1984 average- 37 yards in six carries, besides that 25-yard play. McFadden running better than he has all year, completed his way 18 yards in 18 snaps and went 6 yards with just one pass.

Dewey Smith and Willard Price blocked with devastating effectiveness for the Toppers. After their home payoffs, the Mountaineers watched and were not running.

Pitt gained 80 yards in 15 rushes for Morehead and Fullback Paul Proctor added 91 in 15 at-

tempts.

There's a chance to pass in every activity. When you make that pass refreshing with Coca-Cola, you take what comes with ease.
