Plans Call For Opening Of Cafeteria This Summer

Present plans call for the cafeteria in the new Student Union Building to be in operation before the close of the Fall semester on the Hill. Provided that the difficulties which are currently arising can be overcome, the student body now on the campus will be eating their meals in the new cafeteria in the near future.

It is almost certain that the Student Union Building will be in complete operation when the new semester opens this Fall on September 11. The second floor, which will contain the cafeteria, will be completely equipped and ready for operation. The cafeteria will not only be able to serve all the meals now being served in the Potter Hall cafeteria but two meals will be served in the Potter Hall Cafeteria.

Recreation Facilities Now Being Improved

An extensive program aimed at improving of recreational and extra-curriculum facilities at Western is planned before the opening of school on Sept. 11. This was revealed with an announcement from the State Board of Education at Bowling Green that the board had authorized the expenditures of $78,375 for improvements at the college.

Of this amount, $30,000 was earmarked for equipping the new student union building and the remaining was set aside for modernization of the Western gymnasium.

Dr. Paul L. Garrett, Western president, said that the appropriation was the result of many months' work on the part of Dr. Paul L. Garrett, Western president. He said Dr. Garrett has traveled to Franklin numerous times recently to stress the need for additional funds.

Improvements scheduled at the gymnasium include installation of row-by-row benches. Lining the press box, laying an entirely new floor and one of the additional

Wendell P. Butler State Education Commissioner

Western's annual Rural Life Conference sponsored by the college will be held this year on Friday, July 10, from 9 a.m. to 2:30 p.m. in Van Meter Auditorium.

The Rural Life Conference has been a feature of the summer schedule at Western for many years. It is the statewide convention of Instruction. Wendell P. Butler has designed this year's Conference as an official meeting. He and his staff are planning important discussions on the Minimum Foundation Program and other topics which will be of considerable interest to all persons interested in education.

Annual Rural Life Conference To Be Friday, July 10

Freshman Registration Is Slated For Thursday And Friday, September 17-18

Western will open its forty-seventh year as one of the Commonwealth's building institutions of higher education on September 17 when the 1953-54 school year will begin.

Thursday and Friday, September 17 and 18, have been designated as Freshman Days and these two days will be devoted exclusively to the interests of the beginning students.

Freshmen entering the college for the new school year will assemble in the Potter Hall auditorium at 8:30 a.m. on Thursday morning. September 17. The annual Freshman class will receive instructions for the administration of classes and for making out their class schedules.

Open With Chapel

The program will begin with chapel service. Information concerning the history, tradition, standards, regulations and manual of arms offered by the College will be provided. Freshmen will be given which will aid in the proper classification of the new students. A tour of the campus will be conducted in order to familiarize the incoming students with the college grounds.

A few general good-see uppersim will be on hand to answer questions and give any aid the newcomers may need. These uppersim will be trained beforehand and they will be wearing largeshirts saying, "Ask Me.""
A Great Year in Review

When the summer session ends on July 29 with commencement exercises, the closing chapter of a highly successful year for Western, the alumni, the faculty and the student body.

The annual survey of a few of the news stories which appeared in the HERALD over the past year chronicling the affairs of Western and Westerners.

Four-year correspondence student, the Bachelor of Science degree and the provincial high school certificate for teaching commercial subjects in the province (the first in the country) was awarded to the college's long in high school in 1928 and 1929 as the 1932-33 year opened last September.

Several stories appeared showing an increase of over a thousand students enrolled. The ROTC department recorded an increase for the second straight year.

Bill Stevens, Louisville, was elected president of the junior class and William Halsam, a former student, was elected the upper sophomore class. The singing "Hilltoppers" hit the top with their record, "Trying." The University swimming team defeated Ed Dellen of the local university and was forced to retire temporarily from active coaching of the basketball team at the end of the season.

Coach Ted Hornback took over while the veteran coach was convalescing.

Roy A. Caseley, AB 30, resigned as Consultant for the City of Louisville, an office he has held for six years.

The Western Players presented "The Heiress" under direction of Paul Martin. Dr. William Allen is listed as the best role in his first dramatic production of the season.

Western's Air Force ROTC unit helped Bowling Green reach and surpass its quota of blood for the Red Cross for the first time in several years. A total of 136 cadets donated blood.

James Hunt, AB 30, and MA 51, received an assistantship to teach in France for a year under a special program of study in the ROTC Cadet for as long as they did satisfactory work both in ROTC and in their academic studies in the college. The four-year enlistment required the officer candidates to serve four years after graduation.

The ROTC unit starts recruiting for the coming year to accommodate all regularly enrolled qualified students of the college.

All ROTC students are furnished uniforms and textbooks required for their military studies. During the junior and senior years, the government pays 50 cents per hour for all work the Air Force Cadet can retain a complete tailor-made officer type blue uniform upon graduation. The total pay received for the two years would be approximately $500.00.

The Army Cadets turn in their officer type uniforms upon receiving the commission but are given a $500.00 clothing allowance in order to purchase the necessary uniforms list.

Any boy who desires to work in the ROTC and receiving a degree, the student is commissioned a second lieutenant and needs only to serve. It is strongly suggested that all incoming freshmen investigate this opportunity to receive a reserve commission in the United States Army.

Any question that one may have concerning the ROTC program at Western will be gladly answered by any member of the faculty in the office of the Professor of Military Science and Tactics, or the office of the Professor of Army Science and Tactics, both located in the Western gymnasium.

If this is not convenient during the summer months, contact the Cadet Supervisor of the FASMAT at Western. Each reply will receive personal attention and give a satisfactory reply.

All eligible young men and their parents are welcome to write or visit the FASMAT department for more information.

Looking Backward

Five years ago—Eight students of the ROTC department received Distinguished Military Student awards. We are proud of these three generations admitted at Western College are in the Army ROTC program.

Western ROTC

Guest Editor:

By J. L. Col. George H. Shihold, FMSAT, and Lt. Col. Harry G. Petersen, FMSAT

Western's Army and Air Force Reserve Officer Training Corps, ROTC, will start recruiting again for the coming year to accommodate all regularly enrolled qualified students of the college.

Most students are in a race of evolution as to their draft status and their military obligation while attending college. It is the present policy of the Army to classify students in the ROTC Cadette as long as they do satisfactory work both in ROTC and in their academic studies in the college. The four-year enlistment required the officer candidates to serve four years after graduation.

HILTOPICS

By Bob Richardson

Tropical sun burning down, palm trees swaying, sea breezes blowing, how long can it last? Will the sun ever set? Good Lord, yes! The life of an ex-editor of the Herald. Don't believe me? Read on, and you'll know. The day is July 4 last year, as I was vacationing at my old holiday magazine. I do think whatever powers that be would like to see the Alumni Magazine edition. The writing of this column is the first brain I have used since the magazine was in your permanent senator farewell to Western. Since then I've been too busy trying to find a vacation job of working in a steel and iron salvage department for the past year and a half, but I assure you, or just like college students—everyone on my staff is working for the Alumni Magazine.

I hope this idea of guest editing may be continued because it is proving to be something I can really do. I have no idea whether it will appeal to my readers or cost me future work. If it does not appeal, I will be in the house next year's student. For the time being I will enjoy it. I am sure the Hilltoppers who have been your friend for ten years now. I hope I can look at that paper and know that it is mine. A year or so ago the Hilltoppers was a football program. Who can forget the day the Hilltoppers won the championship with a silk cord and attached it to the Win-break Card. In the past year the Hilltoppers has been a race. There were just a few from my many collected items.

Yes, this past school year can never be duplicated for me of my fellow graduated classmates, Fort Worth, Texas, although after that, and still others for years far into the future. I have finished with school, and the end product will be the most of a useful citizen. As the punch line for one of our columns, there will always be—

Hilltoppers

If it is, anyone who is considering enrolling Western knows all about the college. With the jollege campus, you will find the door to the city, the city to the world, and you. You are in his eleventh year as Western's president. This problem will be as far away as possible in the future Western.

Anyone interested in entering Western and desires additional information concerning the college, such as in courses are offered, living accommodations, requirements, etc., should write to the secretary of the college, location and history should write to Dr. Paul L. Garrett, president of Western. All replies will be answered at once.

Satuday Classes To Be Continued

Western will continue next year its plan of scheduling classes to meet in faculty only for persons who are engaged in full-time educational activities. Those who are interested in taking classes in the graduate and undergraduate programs of the Western University of Kentucky will have an opportunity to attend the classes of the graduate and undergraduate programs of the Western University of Kentucky. The classes will be conducted on Saturday mornings from 9:00 to 12:00, and on Saturday afternoons from 1:00 to 4:00. The classes will be held in the old room of the Old Main building.

Western Players Planning For Big 1953-54 Season

The Western Players, after completing their regular season, are eagerly looking forward to the summer season. They will be returning to their annual appearance in the summer pageant "The Heirloom" at the Skyline Park Theatre, June 29. The show will be presented in the company of the Heavyweight Champions of the United States, the 1953-54 World Heavyweight Champion, Sonny Liston, and the 1952-53 World Heavyweight Champion, Floaty Frazier.

Eighty-nine ROTC Cadets Now At Summer Camp

Last Saturday and Sunday, June 25-26, the last day of instruction in Academic and Administration of small units, intelligence, and indoctrination-related subjects. Instruction in all the phases of work covered at the site of Camp, the Air Force ROTC camp inorgia. The cadets are actually having the opportunity to fire all weapons used in the JROTC, and work in other phases, and through a system of rotation, each cadet will perform the duties of every man in the infantry rifle company. All other work, except the given opportunity of performing the clerical or the lowest possible as well as the company command.

All In Not Work

Stolen, being placed on military discipline, leadership and practical training of weapons, and training problems, but all is not work as camp. A full schedule is maintained to remind the cadets for recreation, and in the case of those cadets at Fort Monroe, the time is mostly spent in learning to use the rifle in nearby cities of Baltimore and Washington D.C.

The Air Force ROTC cadets have a good plan outlined for them. Their program has a twofold purpose: approximately half of their time is being spent in instruction concerning the organization and function of an Air Force base while the remaining time is devoted to aerial and aircraft indoctrination. The "cadets'" days will be well filled, beginning at 5 a.m. and ending about 9 p.m. The early part of the working day will be devoted to learning the organization of military life, while the afternoon and evening hours will be devoted to instruction in the organization of an Air Force unit and aircraft indoctrination, as previously indicated.

These Hot Summer Days Cool Off . . . .

Mr. Speyer in his weekly column, "The Heirloom," a dramatized version of the Western Players presented by the Skyline Park Theatre, announced that the hot weather will not deter the popular comedy of impressionists that is a must for the summer season. The show will be presented on the Sunday before Labor Day.

Reviow of Book By Dr. Wilson Issued By National Park Service

A review of "Birds of the Mammoth Cave National Park" written by Dr. Gordon Wilson, head of the biology department, was issued by the National Park Service on May 1. The first edition of Dr. Wilson's work was released in 1948. The new review is the result of observations covering the period from 1938 to 1948 and identifies 193 species of birds found in the Mammoth Cave area.

In the entire Bowling area, Dr. Wilson stated, that 946 different species of birds have been identified from observations during his entire lifetime.

The book is designed for both amateur and professional students of bird life.

George H. Wilson, AB '41, Campbellsville, was recently promoted to major.

Revised Edition of "Birds of the Mammoth Cave National Park" written by Dr. Gordon Wilson, head of the biology department, was issued by the National Park Service on May 1. The first edition of Dr. Wilson's work was released in 1948. The new review is the result of observations covering the period from 1938 to 1948 and identifies 193 species of birds found in the Mammoth Cave area.

In the entire Bowling Green area Dr. Wilson stated, that 946 different species of birds have been identified from observations during his entire lifetime.

The book is designed for both amateur and professional students of bird life.

George H. Wilson, AB '41, Campbellsville, was recently promoted to major.

Alumni News

Regents Accept Arch Bennett's Resignation

W. Arch Bennett, business manager at Western since Jan. 31, 1927, resigned recently. He will announce his resignation to the Board of Regents at its March meeting. The resignation is effective June 30 and was announced to the University in February.

In his letter Bennett stated that he was not fully able to render the efficient service that his duties required, and that he did not feel that his resignation would affect the College in any important manner.

Dr. Deaker, in announcing the resignation of Dr. Bennett, said that he was pleased to have the services of a man of such high qualifications and that the University had been served well by him in his years of service.

Mrs. Arch Bennett, who has been namesake of the College, will become a life member of the University.

Trade School Site For Conference

Western Trade School has been chosen as the site for the presentation of several conferences for public school officials from different parts of the state, and the University of Kentucky.

Twelve counties will be included in the course held here, which will be conducted for the week of April 6 and the following week.

In the course, the following topics will be covered: The Burgess Building, Bologna, Kentucky; The Burgess Building, Bologna, Kentucky; and the Burgess Building, Bologna, Kentucky.

James Croke Receives Fullbright Grant

James Croke, a student in the College of Agriculture, has been selected as the recipient of the Fullbright Scholarship. This scholarship will enable him to attend the University of Kentucky for one year.

During his time at the University of Kentucky, James Croke will be able to continue his studies in agriculture, and he will also be able to participate in various activities and events associated with the University.

Kentucky Building News

By Mrs. Mary Moree

The Kentucky Building continues to grow in popularity as a place for student and school gatherings.

The building has recently undergone a major renovation, and it now features a new auditorium and a larger dining area.

During the past year, the building has hosted several events, including concerts, lectures, and social gatherings.

During their first few years, the building has been used for a variety of purposes, from serving as a temporary library to housing a student dormitory.

The building's current use as a place for student and school gatherings reflects the University's commitment to providing students with a modern facility that meets their needs.

Western Dormitories Rated Among The South's Best

Notable characteristics of McLean Hall, left, and West Hall are Western's two dormitories for girls. Both are spacious buildings, are ruled among the top dormitories in the South. The buildings are equipped with all the modern comforts for which students might desire. Room accommodations are expected to fill to capacity. Although all females who are expected to live in are required to live in one of these dormitories, special permission is needed from the College to occupy rooms in private houses. Girls desiring such permission must accompany the request for a reservation. The reservations for all dormitories have been received, all made by seniors. Rooms in McLean Hall are $2.50 per week while they are $2.75 per week in West Hall.

Frank M. Drew, son of Mrs. Robert W. Drew, who is the director of McLean Hall for Women at Western, graduated from the U.S. Military Academy, West Point, N.Y., on June 5 and was commissioned a 2nd Lt. in the Air Force.

Prior to entering the Academy, Lt. Drew attended Western one year. He was appointed to West Point by Vice-President Abbe W. Bartley.

Military Dept. Units Win
Many Awards During Year

By Bob Wallace

The past spring saw many awards and trophies brought home by our outstanding cadet teams and by our cadets and by our most talented student body. A considerable amount of effort was added to the already overwhelming committee work by the Military Department too.

The Pershing Rifles drill team, Co. B 3rd Regt., showed its best in battle in several major colleges in the Big Ten, as well as in the South, by winning the first place trophy at the annual Illinois National Invitational Drill Meet at Urbana, Ill., and also by winning the best drill individual, best drill squad and first and second drill platoons in the annual Regional Regimental meet held at the University of Indiana in Bloomington, Indiana.

Other impressive teams were in attendance when the Joint Army-Air Force National Invitational Drill Meet was held at Indiana University. Some of the drill teams were in attendance when the Joint Army-Air Force National Invitational Drill Meet was held at Indiana University.

On April 28 the precision drill of the Pershing Rifles was the best. Members of the team were among the first in the University of Illinois drill team.

Another team that was to be divided by the Iowa State, the Iowa State, the University of Illinois, the Iowa State and the University of Illinois teams.

In the second drill meet on May 17, 1963, the Pershing Rifles were to be divided by the University of Illinois team.

Melburn R. Mayfield, Jr., '65, is now teaching English at Missouri University, Columbia.

Oakley Greets Successor

ALUMNI PREXIES—Carlton Oakley, left, superintendent of Union County schools at Morgantown and retiring president of the Alumni Association, is always congratulating Paul Hudsonton, new Alumni head for the coming year. Hudsonton, Bowling Green attorney, was announced as the new president at the annual Alumni Luncheon held in the new Student Union Cafeteria on May 31.

Special Reunion Held By Classes Of 1913 And 1931

On commencement and alumni day, special reunions were held for the classes of 1913 and 1931. Dr. Gordon Wilson, head of the English department at Western, sponsored the Life Class of 18 and Dean8 R. Boyd, State Teachers College, Troy, Alabama, class presiden-ent, was sponsor of the 1931 class. Approximately thirty members of the latter class attended this reunion, with a good representation from the Class of 18.

Special tables were reserved for these reunion groups at the annual alumni luncheon which was held in the new Student Union Building dining room. Informal glee-choirs were held in the parlors of J. Wha...

Huddleston Elected Alumni President

Paul R. Hudsonton, AB '31, has been elected president of Western's Alumni Association for the coming year. Announcement of his election was made at the annual Alumni Luncheon held in the cafeteria of the new Student Union Bldg on May 31, preceding day for the spring graduating class. The announcement was made by W. J. "Uncle Billy" Orsag, secre-
tary of the association.

Huddleston succeeds Carlton Oak-
ley, AB '21, Morgantown, superin-
tendent of Union County schools.

The new Alumni head was con-
nected with radio work for several years before launching a law prac-
tice in Bowling Green in 1930. He
formerly managed WRGT in BOW-
ging Green.

Cecile L. Hightower, AB '31, Kincaid, superintendent of Todd County schools, was elected to a four-year term as a director of the association. Better than 200 persons attend-
ed the luncheon which featured a reunion of the classes of 1913 and 1931.

Moral And Spiritual Workshop Being Held

Again this summer a moral and spiritual workshop is being held for the benefit of those who are now teaching or plan to teach in grade or high school.

From Western. The work-
shop began June 15 and con-
cluded meeting four days a week through July 4.

The purpose of the sessions is to help the teacher create in the child an awareness of moral and spiri-
tual values in life. Miss Corinne Trumbull is the consultant for the fourteen class members and leads in the discussions.

Moral and Spiritual Values in Education by William Channing Dower, former professor in a Ken-
ucky college, is the text used in the course. The workshop is offered only in summer school for the benefit of teachers who return to work on their degrees.

dyle Herald and one of the Ne-

day's speakers, spoke briefly of

Huddleston succeeds Carlton Oak-
ley, AB '21, Morgantown, superin-
tendent of Union County schools.

SHOWN above are six of the 13 artist-family members of the Western music department who will present the final choral program of the summer term on July 15 at 11 a.m. in Van Meter Auditorium.

They will present a special musical program of light choral music, contemporary selections, Latin-American, they are Eugene Groche, violin; Claude House, piano; Donald E. McHale, baritone; Robert Pearson, tenor, and Miss Shirley Foster, cella, Miss Gertrude Bale is at the piano.

Western has as guest Hilltoppers of the week, 5 outstanding programs for your enjoyment. So the American National Bank urges you to take advantage of them.

SUMMER CHAPEL SCHEDULE

15 A.M.

VAN METER AUDITORIUM

Saturday, June 21—John Charles and Margaret; Sunday, July 5—Carol Collins, nationally known author and teacher.

Friday, July 15—Moral Life Conference—Fred Wills, outstanding businessman, and Woldi B. Baugh, state Supervisor of Instruction, will both speak on the Minnesota Foundation Program for Kentucky.

Wednesday, July 18—C pname Chapel; Outstanding Bell singers. Wednesday, July 25—Musical program by faculty members of Western's music department.

JULIUS H. SCHNEIDER, President

This content is from a newspaper and contains historical information that is not necessarily reflective of current events or contexts. It includes a mix of news articles and personal notices, featuring alumni events and updates. The text is rich in its coverage of various activities and personalities associated with the college, reflecting a time when alumni and students came together for significant events and occasions. The use of the book plan for meals highlights the service aspect of the university, while the mention of musical performances by faculty members and the alumni reunion suggests a vibrant community engagement.
**Toppers Again Take 5 Of 7 OVC Crowns**

Coach Jack Clayton announced early in the spring a 10-game schedule for the Toppers, the 1953 football team, defending co-champions of the Ohio Valley Conference, by choosing the powerful defensive line of the junior varsity as the nucleus for the two-platoon system.

One Play-on System Installed
In spring practice the coaching staff began to build a single system from the two tradition systems developed from the starting line-up. Only seven men were lost from last year's team but each of them was of the caliber of Bob Porter, the Toppers' Little All-American quarterback and the team's most accurate passer.

If the coaches can find an adequate replacement for Porter and develop men to take the places of other key men, Winter Price, Willie Wallace, H. W. Thompson, John Booton, Warren Mason, Don Chapman, the Toppers should be even better than they were last year. The team will have depth, experience and speed.

Last year the Toppers won eight and just one during the regular season to win the OVC title. This year they had an even better than last year's team, and the coaches will be determined to see that the team will be a success.

Of the players listed below the Toppers will be headed by W. W.頌. Also included are the returning sophomores.

Coach Clayton will have good depth. The more experienced players will be able to keep the pace and the coaches will not have to worry about depth in the lineup.

**Toppers Go to Florida**

The coaching staff will find the Toppers at Deland, Fla., for a game in the Atlantic University Colleget. The team is scheduled in the first week of the season against the longest road contest of the season.

On Oct. 10 the Toppers will be at the University of Tennessee for a night game, and the coaches will have the road experience to be able to gain valuable points on the Western last year. The Toppers lost in the first round of the season.

The Toppers won a football game against Arkansas in 1952, but the game was played in the stadium at the time of the game.

George A. Sluder, B.S. '48 has resigned as coach and teacher at Miami University, It is his third year in the same position in the Miami High School.

Fitzgerald Says

Poland May Go To Minneapolis In '54

H. W. Fitzgerald, B.S. '44, popular manager of the University of Tennessee Vol football team, announced today that the 1952-53 season was the most successful of the team's history at the University.

Fitzgerald stated that Poland, whose Vol new leader and his team, is in fine condition for the upcoming season. The team has been practicing hard for the upcoming season, and is expected to win the state championship.

Fitzgerald also stated that the team is in fine condition for the upcoming season. The team has been practicing hard for the upcoming season, and is expected to win the state championship.

Fitzgerald was named the Most Valuable Player in the Ohio Valley Conference for the 1952-53 season.

**Netters And Golfers Repeat As OVC Kings On May 23rd To Close Out Great Year.**

For the second straight year Western athletic teams during the 1952-53 school year won five of the seven championships offered by the Ohio Valley Conference to completely dominate the league.

This achievement was climaxsed on May 23 when the tennis and golf teams wrapped up conference crowns in the annual tournaments to lead in the history of athletics at Western.

The Toppers football team opened the season by being named co-champions of the league with Tennessee Tech. This marked the first time a Western football team had finished first in the OVC. The Toppers went on to win the American Athletic State, 14-16, in the Refrigerator Bowl at Detroit. This marked another first for football teams-the first appearance in a post-season bowl game.

Basketball Takes Over

When the football team closed out its most successful season in the history of the college, the powerful basketball team took over in the quest for new laurels.

Tom Malcolm, Art Spacott, Don King, Dick White and Co. have won the state championship during the season, winning 21 games while losing only 3. The team was among the top teams in the nation, winning the conference championship.

The team was coached at the University of Tennessee, in the championship game, by Coach Clayton who was named the Most Valuable Player in the Ohio Valley Conference for the 1952-53 season.

Intramurals Provide Fun
And Recreation For All

This summer is an active one for those who wish to participate in sports. Coach Frank Griffin has planned an extensive intramural sports program for his P.E. 228 class to conduct. This program will not only keep summer school students busy, but will also extend into the fall and winter for the benefit of all who wish to participate. The summer sports scheduled for the intramural program are swimming (for both men and women), bowling (also for both men and women), and golfing. For the fall semester, Coach Griffin plans to have programs in touch football and volleyball during the warmer fall months and basketball for the colder weather.

This summer's program will be conducted in the fashion men usual ly do for the event. For instance, the program is scheduled to start just as a swimming meet would be, with each participant competing in the events of their choice. Intercollegiate meets will be held including the various stroke events of swimming, as well as various meets of water polo. The program will be highlighted by a relay race, which the best swimmers will participate in to compete against each other.

Horseshoe Pitching Tournament

The horseshoe pitching program will feature mornings for men and women in the form of a single elimination tournament. Competition is expected to be keen and plentiful.

And since Coach Griffin is the golf coach at Wheaton, it would be almost impossible for women to enter the program. The program listed for the summer includes basketball and volleyball, which have been enjoyed by the men. It has been expected that quite a number of women who wish to participate in the Intramurals This Fall.

**SPOELSTRA LISTED.**

Art Spoelstra, Western's 4'-9½" basketball center, is one of the 125 outstanding amateur and professional athletes listed in Who's Who In Spts. 1953. The book is published by the Desi Sproles Group, just recently appeared on the nation's newsstands.

The big pivot man led the nation in 1953-54 and finished among the top scorers of the past season.

In addition to starring on the basketball court, Spoelstra has been one of the top picnickers in the Western baseball team during the spring sports season.

A four-year varsity basketball player who was to win a scholarship to play on the Western basketball team during the spring season.

Clarence Caple

Named Assistant For East-West Game

Clarence Caple, BS '44, head football coach at Dayton High school, was named an assistant coach on the East-West All-Stars coaching staff for the East-West Shrine Game to be played Aug. 31 at Lexington. Caple was an APAC end at Western for three years and was a top scorer in the team.

Last year Caple coached his Dayton High School 11-man and 8-man teams and won the Northern Kentucky Championship.

Sam Potter of Lynch is head coach of the East team and Warren Campbell of Middletown is an assistant.

concerned with the schools of the area.

Fred Wilke ' to speak

The principal speaker at the 35th annual Rural Life Conference, held at Wittenberg, was Donald Wilke, who has assumed governorcy of Wisconsin. Wilke's aim is to work in an advisory capacity to improve the rural economy of Wisconsin, Kentucky's immediate school problems. The conference, attended by 300 students, 1000 faculty, and 500 students, was held at the University of Wisconsin in Madison.

The departure address will be held at 11:30 a.m. on Monday, May 16, in the Memorial Fieldhouse of the University of Wisconsin. The conference will be open to the public at 10 a.m.

out the summer by present students at Western.

An annual welcoming party will be held Sept. 4 at 6:30 on the lawn of the Board of Trustees, a show putting the faculty and students in action, with a social program following the registration procedures will be given over the next few days.

Friday morning, September 18, at 4 o'clock in the Administration building, the faculty and administrative staff will be on hand to assist and offer counseling advice as to courses that should be taken. By the end of the week, the freshmen will have complete registration and ready to start their

work on Monday, September 21.

The upperclassmen will complete their registration on Wednesday, September 28.

Opening 4th Year

When the freshmen assemble at 9:30 o'clock on Thursday morning, September 17, it will mark the opening of Western's 4th year as a state supported college dedicated to the training of students. Western was founded in 1866 with Dr. H. H. Chery, one of Kentucky's most famous educators, as its first president. The first class to attend Western after the college became a state supported institution enrolled in September, 1866.

It was formally established by an act of the Kentucky General Assembly. In 1873, Western moved into its first building. The school had already been in existence since 1873, having been founded in 1873 by A. S. Bell, giving Western its name.

Elaine College.

The school has continued to develop since then under the guidance of presidents and faculties who have provided outstanding service to education in Kentucky for 70 years.

Dr. Chery served as president of the college for 35 years until his death in 1927.

Dr. Garrells Beginning 17th Year

Dr. Paul L. Garrells, who succeeds Dr. Chery, will be entering his 17th year as president of the school when he delivers the opening address on Thursday morning, September 17, 1953.

Dr. Garrells has a wealth of training teachers, administrators, and supervisors for the school. He believes that Western is primarily concerned with the development of the individual student. The Board of Trustees, as administrators and supervisors for the school, is now working on a new program of education.

Western offers a wide range of courses to students studying various subjects and technical fields.

Students are provided with the latest information on educational opportunities for students desire a general college education education will include courses in both the liberal arts and technical colleges.

In this program of education, Western seeks not only to provide educational opportunities for students desiring a general college education education will include courses in both the liberal arts and technical colleges.

Richardson's

Richardson Receives Grant
