Welcome Homecomers

Today begins a weekend when men and women educated on the Hill will be reclaiming a campus which was once their own. But for the Westerians who will be seeing stroll about old pals and places, the Homecoming weekend is a time of reacquaintance, of reacquaintance, of reacquainting. You will see many familiar faces all over the campus and the Homecoming game. These are the festivities reserved for this time each year when the students of Western and the alumni are brought closer together.

We, the students of 1968 should add a salvageable part to our traditions. When the energetic, questioning-under-graduate meets the not-so-energetic, questioning-under-graduate, the only close point of each should be etched by the other.

To you, the alumni, as you re-visit loved and familiar spots we hope all your reminiscences may be happy ones, and as you return to your homes and places of residence, may the happiness and memory of the days you gained by your visit here go with you and abide with you until you return to our campus again next year. Welcome new, true, and always.

Happy Anniversary Mr. President

In-Service Training Post Filled By Miss Ethel Bernard

TAKES NEW POST — Miss Ethel Bernard has taken a new position at the college. She is now "Consultant on In-Service Teacher Education for Western Area." She travels to various communities throughout the state at the request of superintendents of county and city school systems to help prepare and execute plans for in-service training of teachers.

A gracious, intelligent and ad- mirable lady has taken a new position at Western. She is none other than Miss Ethel Bernard, former- ly the instructor of the third grade at the Training School. This is not only a new position for Miss Bar- nard, but a new office for the school, with her title being "Consult- ant on In-Service Teacher Education for Western Area."

Having received the degree of Bachelor of Arts from Western and the degree of master of arts from the University of Kentucky, Miss Bernard has done further work at the University of Kentucky and Columbia University. She is a member of the staff of Division of Teacher Education and Certifi- cation and also a member of the A. U. W., besides being a member of a number of professional and so- cial organizations.

Miss Bernard assumed duties of her new position August 20, retaining her office in room 129 on the first floor in Cherry Hall and has since been traveling to various counties throughout the area at the request of superintendents of county and city school systems to help prepare and execute plans for in-service training of teachers. She is now in charge of any school system throughout the entire area of some twenty-four counties, including Warren. Due to her duties, she rarely is at home on her office Monday through Friday, but she can usually be contacted there on Saturday morning.

Eastern, Murray and Morehead State Colleges have joined Western and the State Department of Educa- tion in this special program aimed at improving educational instruc- tion throughout Kentucky on the local school system. All of Ken- tucky's 34 colleges offering pro- grams of preparation for teachers have some part in the over-all pro- gram by making staff members available to local school systems which engage in in-service action.

State Superintendent of Public In- struction Robert Martin said the plan "provides a way not only of improvement of teaching in the classroom, but also for organizing the program for preparation and served future teachers in the col- leges which prepare teachers."

At the invitation of Russell H. Miller, director of the Congress Club, the Western, the Congress Debate Club is cooperating with the de- bate squad in the first of these sessions. Pat Hooper, Henry Stone, and Ted Urban represent the Congress Debate Club on the planning committee.

New Nursery Added To Campus

Since the Pull of 1943, Western has had its own nursery. The idea was conceived and launched by Mr. Paul Garret, who states that the past five years Western has lost hundreds of its beautiful trees because of the inability of the soil to hold moisture, and because of the absence of regular spraying. The nursery is located on the south side of 17th street and the Ramona-ville Res. It consists of approximately one-half acre of ground.

Several different ways have been used to prevent the wanting shrubs and flowers. Some have been bought, others were grown from seedlings and cuttings. Approximately one-hundred and five shrubs and trees will be ready for replanting within two years, as all of them have grown at an equal number next spring.

At the nursery, several trees consist of a variety of several different types of trees, some of which are: oak, maple, ash, sweet gum, black pine, magnolias, Japanese maples, dogwood, holly and hibiscus. (An experiment is being conducted on the growing of dwarf roses). Several species of pines are being grown also.

Some of the shrubs and trees are planted at the nursery thus saving a great amount of time and shrubs at all times. No enlargement of the nursery is anticipated at this time. The nursery, however, does not grow all of the plants used for landscaping the campus. Mr. Garret raises many of the flowers used on the campus on Highland Drive.

Mr. Garret, a former florist, and who has grown flowers and shrubs all of his life, states that the nursery has done exceedingly well, and will prove beneficial to Western.

The Western Players launched their new season warmly in a parody of George Kelly's comedy, The Show-Off, on Thursday and Friday of last week. Dave Miller and H. Miller had said. 'For many years I have wanted to work with the play for I believe it be one of the most mad and truthful comedies of the American theatre. The late Alexander Woollcott called it "An extraordinarily entertaining comedy of Philadelphia followers, a genuinely indigenous play of American life, a satiric, humorous, and true one." Heywood Brown, in a preface to the script, says, "I might as well begin boldly and say that The Show-Off is the best comedy which has yet been written by an American."

George Kelly, author of The Show-Off, the comedy the Players have chosen for Fall Production in Yan Meier, beginning on November 14, is a member of the famous Philadelphia Kelly family. His brother, Walter Kelly, because famous during vaudeville days as the "Virginia Judge." Another brother, John B. Kelly, a well-known cutting contractor and leader in Democratic politics in Philadelphia, once ran for mayor of that city, John Kelly's daughter, Grace Kelly, is the well-known motion picture actress whose marriage in 1948 to the Prince of Monaco made international headlines.

Western Players' veterans: Dave Miller, Cheal and Riggs were chosen at the auditions to head the leading roles. The part of Mother-in-law is being played by Alice H. Ripley. The Ripley is always put on a big front, he was seen a flower in his left hand and a patch in his coat. The leading man is being played by a man who is known in the air as a well-dressed Micah Jones. The show is expected to be a success and it is expected that the show will be a great success. The play will be performed on November 14, at 8:00 p.m. in the auditorium of the university.

Salute to Freshman By Players

Western Players' "Salute to Freshman By Players" on October 12, took the form of a talent show, a novelty that Kenneth Williams, new first violinist, had been planning for several weeks. Marvin T. Wallis, former first violinist, who had just been awarded a scholarship to Lehigh University, took the applause of the audience by his performance of the violin concerto "Concerto Grosso" by Marcello. He was joined by his twin brother, Charles, also a violinist, who played the viola part. The theme of the evening was "Music and Art," and the program included a variety of musical selections ranging from the classics to contemporary works. The audience was treated to performances by pianists, singers, and instrumentalists, all of whom were either current or former members of the Western Players. The evening concluded with a dance held in the School of Music's cafeteria.

It's fun to try. Maybe you can top other students in colleges across the country...and you can match wits with the editors of Reader's Digest.

Why do far more college graduates read Reader's Digest than any other magazine? What is it that makes the Digest the most widely read magazine in the world—with 11 million copies bought each month in the United States, plus 9 million abroad? Why is it read each month by at least 60 million people, in 12 languages—Arabic, Danish, English, Finnish, French, German, Italian, Japanese, Norwegian, Portuguese, Spanish and Swedish?

Can you spot in a typical issue of Reader's Digest the universal human values that link scholars, statesmen, scientists, writers, businessmen, housewives? Can you pick out the articles that will be most popular with the average Digest reader?

You may find...you know more about people than you think!

Here's all you do. Study the advertisements (at right) of the articles in the October Reader's Digest—or, better still, read the complete articles in the issue itself. This will be compared with a nationwide survey conducted among a cross section of Digest subscribers. Follow the directions given on the postcard, paste it in a postcard, and get it into the mail before the deadline. Additional blanks are obtainable at your college bookstore.

All entries must be postmarked not later than midnight, October 25, 1956. Don't delay. In case of tie, the entry with the lowest postmark will be declared the winner.

Tomorrow In 31st Annual Homecoming

On the morrow amidst the gala surroundings of another incomparable Western homecoming and the annual back-scoping of rejuvenated Easterns, the Hilltoppers will clash with Eastern in the 31st engagement of one of the oldest football rivalries in the state which dates back to 1914.

Western will charge onto the field tomorrow in preparation for that "hell-fire and guts" brand of football with a double incentive for victory etched among their memories. That double incentive in- cludes being out set by the Maroons the past two seasons - 7-6 last year and 24-9 in 1964 - plus the fact that the Toppers will be carrying a very deserving 24 conference record into tomorrow's frame.

Coach Clayton's chargers showed that they have the power and flexi- ble to move that pigskin last Sat- urday night against a power laden Tech team before 29,105 spectators.

The array of talented backs with a superbly rugged, hard wall to support them.

The Up and Down Maroons will have some measure of revenge on their minds tomorrow as they will be attempting to bounce back from a 12-12 tie at the hands of East Tennessee State last week. The Toppers edged the Buccaneers 13-7 in the season opener at John- son City, Tennessee four weeks ago. Since then the Maroons have improved with age as their offensive artillery has begun to open up.

For the historically minded football statistician here is a run down on the scores if this annual rivalry dating back to 1914.

1915 18-9
1916 20-9
1915 No Record
1919 31-0
1922 41-3
1917 12-9
1920 36-0
1921 30-0
1923 41-7
1924 1-0
1925 1-0
1926 6-0
1927 2-5
1928 13-7

Penguins 26-9

Western, sparked by Ken Grif- fith and Jerry Brewer, roared back from a 10 deficit Saturday night to post a staggering 26-9 vic- tory over a fast Youngstown Uni-

With Brewer, Griffith and John- son roaring red, the Hilltoppers grabbed their first TD midway in the third quarter from "shifty" Griffith as Agnew's 32-yard pass to Frederick "in the clear" corner of turf in the end zone. Then Griffith occupied pos-

The powerful Topper line, the real one - the "blue" - held the ball, pressed the Youngstown quarterback into a quick pass that Jim Chambliss made a diving catch of and put up the second Western score. With Topping, Agnew, and Johnson's left-handed line play after play with Brewer and Johnson's right-handed line making tackles tuffer- some - and the Toppers led 13-8.

The Toppers, leading 19-9 at half-time, could not open the 15 yards of the Penguin goal in twice in the second quarter either to have po- ssession prevent the score.

Wesley "uncovered the roof" in on the Penguins in the second half. Agnew's fake, a 10-yarder to the left fullback, 15 yards to the right fullback, fell 10 1/2 feet short of the end zone. The Toppers, however, did get the ball back and "seized the day" in the Penguin's territory when Harwell fell on a fumble deep in Penguin territory where Johnson bolted into the end zone after two drives of the first half ended in the blocked - 19-9.

Ray Brewer set the big play of the first half against Eastern, but his drive was right at the edge of the sideline with Eastern's 19 yards to go. To Harwell's left fullback, 15 yards to the right, the Toppers faked the pass and he went right into the edge of the Penguin's 19-yard line to Hill in the end zone. Horrific fumble-victim, West- ern posted its second win in three games 26-9.

Early in the game Youngstown lost the maroon's quarterback, a brilli- ant running fullback who went out with an apparent sprained ankle of a tackle. After this the Ohi- oans were doomed to try to make a successful offense as the big pow- erful Western front line pushed them back.

cations for the new entrance have
already been drawn up. It has been
designed as a memorial entrance

by nationally known architect,

tract with the Cold Springs Granite
Company, largest in the country.

The entrance as proposed by the archi-
tect is a concrete structure.

It is designed to blend with the
