Chorus To Present Messiah

This coming Sunday afternoon, the Western Chorus and Orchestra will present its holiday performance, featuring the Messiah of Handel. The concert will take place at 3 o'clock in Van Meter Auditorium, with Mr. John Paul conducting.

From the 190 voice choir, five student soloists were chosen by tryout to sing the solo roles in the famous oratorio. Jeanette Bailey and Edna Wagoner are singing the soprano arias, Betty Gardner, the contralto; Joe Ferguson is to be the tenor; and Norman Hopkins will be the bass soloist.

The history of the Messiah is as fascinating as its music. When Handel was 36, a wealthy and pretentious Charles Jennens, who supplied the libretto for several of Handel’s earliest operas, submitted a compilation of Biblical texts under the title of “Messiah.” Handel immediately conceived of a gigantic oratorio which would depict scenes and events from the life of Christ, without any outward dramatic action, but designed to produce its devotional contemplation.

Construction of the “Messiah” began August 22, 1741, and for the next 24 days Handel never left the frigid 6x9 feet room. Stories of that period of frenzy creation have become legendary. Afterward Handel is said to have remarked in the words of St. Paul, “Whether I was in my body or out, I know not.” His servant became severely ill and was often unconscious. A visitor found Handel in tears, “I feel no emotion. A servant related that Handel muttered, "As it was his work, he worked as he would have worked if it were his own".

Do You Know Your Jazz?

By Fred Webse

The question is: "Are Buddy Morrow and the XK-11 Band the same person?" This is a question that many jazz fans might ask, given the fame and reputation of Buddy Morrow. However, the question is not entirely accurate, as the XK-11 Band was actually a newer group formed by Buddy Morrow after the XK-11 Band disbanded. The XK-11 Band was known for its innovative use of electronic effects in their music, which was ahead of its time.

In order to properly address the question, it is important to understand the history of Buddy Morrow and his involvement in the music industry. Buddy Morrow was a popular bandleader and singer in the swing era, and his XK-11 Band was known for its innovative use of electronic effects in their music. However, the XK-11 Band disbanded after a few years, and Buddy Morrow formed a new band called the XK-11 Band, which was known for its more traditional jazz sound.

When asked if the XK-11 Band and the XK-11 Band were the same person, Buddy Morrow responded: "No, they are not the same person. I have never played with the XK-11 Band. However, I do admire their innovative use of electronic effects in their music. It was ahead of its time, and I wish I had been able to see them perform live."
Book Marks

Through the pages of a well-named biography, dramatic and exciting episodes, of history unfold and colorful personalities come alive. Some recent biographies added to the library collections are recommended for reading during the holidays.

One of the most controversial figures in English history is Richard III. A new biography by Paul Murray Kendall, professor at Ohio University, offers in most readable form, an unsparing study of Richard's enigmatic character and turbulent career.

It sometimes appears that in time Fypanolis D. Koupelides will be the subject of as many biographies as Alexander Lincoln. James MacGregor Burns in Roosevelt, the Lion and the Fox, has presented the first political biography of P. D. K., with the title taken from the well-known saying of MacGregorburns, the Italian writer.

Frank Pfeil continues his series on Roosevelt with a volume on Roosevelt's career from the time of his inauguration as governor of New York in 1913, to his election in 1932 as President of the United States.

In the pages of El Whitlany and the Birth of American Technology, one finds an absorbing study of the life of Whitlany, who, it can be said.

CASE BAKES ANOTHER — The Hilltoppers’ Bill Case stretches high to fly in two of his 38 points Monday night despite the efforts of Gentlemen’s Mark Goebel. That’s Western’s Don Diamalta moving into the play.

Yearlings Face Rough Slate After Two Victories

Coach Ed Diddle seems to be well pleased with his 1960 crop of freshman terminally. He was extremely happy with the sharp shooting and great rebounding of the yearlings. They have shown good offensive scoring power in scrimmages against the varsity. The freshmen must operate without the services of All-American prep star, Albert Bison, of London, Texas. He underwent a tonsillectomy recently but is expected to be ready for the game against Murray’s Frosh.

If Ellison doesn’t start, the lineup probably will feature Darrel Dicklin at 6-4 and Ted Poppe, 6-2 at the forward; Jake Tabbott, 6-0 at the center; and Don Parsons, 6-2 and Kenny Cornthout, 6-1 at the guard.

The remaining 1959-60 freshman game campaign is as follows: Friday, Jan. 16, Bell College at Bowling Green.

Saturday, Jan. 17, Murray at Bowling Green.

Saturday, Jan. 18, Warren County at Bowling Green.

Thursday, 24, Detroit at Louisville, Ky.

Thursday, 31, Bell College at Kentucky, Ky.

Sa., Jan. 17, Murray at Bowling Green.

Frosh Corp — First Two Going Away

Coach Ed Diddle’s surprising freshmen corps is rapidly becoming the surprise of the season, stemming Belcolme College 106-65 and handing back a somewhat Lindsey Wilson 80-74.

Frosh were adequately distributed in both games which is the sign of a good second half. The two game total was 68 for Darrel Dicklin. The team total, however, included 48 points, followed by Jude Tabbott 14; Jake Tabbott 12; Bob Moore 8; Don Parsons 8 and Dennis Buxton 6. Tejaf also plays football for Western, with 14 points.

Everything looks good for the western prep star from London, Texas, was handled well. The Frosh forwards were in two victories with him all around 10 to mention his 21-point game total.

All in all, it looks like the talented frosh are off to a fine season.

Tops In Sports

By John Lyon

Western’s Grim once again rules the roost among another Hilltopper basketball season.

Coach E. A. Diddle at his giant crowd of fans through the past Monday in amassing his 54th victory since coming to Western Hilltopper hopes were dashed away as they leaned on his all that but the Bears were the justly famous fast break.

Todays’ 11-2 win was to be an early grudge match. Coach Diddle and his hungry Opponents will be seeking revenge for a 74-41 aberration at the hands of Western last season here on the Hill. Murray squeaked out a narrow victory margin over coach Bullet Wilson’s crew earlier in the season. It was the specter of a possible 10-3 in the battle of the time against the Specter in Owensboro that boast a "Battle of the Frontier" tonight. The Game Of Western’s December 12 date with the San Francisco Dons could well prove to be the game of the year in Kentucky basketball. The Dons, who have dominated national basketball the past two seasons, and the Topppers in this meeting of ranked powers will be battle-testating the magnificent new Coliseum in the city of the Southwesterners. The Dons, who graduated two All-Americans last season in K. G. Jones and Bill Bechtard, rolling toward the December 19 engagement with surprising power. The Dons’ upset out their 18th consecutive victory earlier in the game by chugging a strong, veteran California team 89-56.

The Dons’ major hurdle before they look forward with the powerfzul Tops will be Illinois University — and if Illinois fails to delver the Dons the home field will fall in Coach E. A. Diddle’s powerful aggregation. Tariffs for the big game are now on sale at the business offices in Van Meter Auditorium. Let’s all buy a ticket and get behind the Hilltoppers in this big game which could well place the Topppers at the top of the national limelight in the mounthly world.

Depth Permanently

Coach Diddle badly needs a preview of things to come Monday night when he cleared the bench early in the second half without the aid of the first team in the scoring pace.

The big and fast reserve team could prove to be one of the big surprises in this year’s success.

A hand at Eull Case in his brilliance. He worked them from Monday.

The Hilltoppers will clash with their first quick from “West of the Missouri” over by an emergency temporary operation recently, but hit the same number of points against Lindsey Wilson. Dicklin, the powerful prep star, scored 12, but the Belcolme Hilltoppers’ game scored and points respectively.

Jake Tabbott, wows spectacularly with the press of movement reminds one of the great Trend in the Diamond district. In two victories with him all around 10 to mention his 21-point game total.

Here’s food for your every mood ... skilfully prepared by a master chef, delightfully served in a congenial atmosphere that’s conducive to your full enjoyment.

The prices will prove equally pleasing to your pocketbook!
