COLLECTION NOTES

This collection consists of photocopies of five ledgers: one contains an index of deaths in the Ohio County, Kentucky region from 1914-1962; the other four are account books for an unnamed funeral home in Ohio County. Research indicates that most of the burials are identified as taking place in Ohio County, but some occurred in adjacent counties, particularly McLean County. Entries in the account books include the name of the person paying for the funeral, itemized costs, and payment information from 1914 to 1939. Unfortunately the deceased’s name is rarely mentioned, although occasionally relationship to the payer is noted, i.e. “Mother of…; Husband of….”

Box 2 contains typescripts of the ledgers found in Folders 2-5 of Box 1. A typescript was not made for the ledger in Folder 6. The typescripts were done by Mary Koegel as part of an internship with Library Special Collections in 2006.
